

## Eco Friendly 3D Polyester Fiber Acoustic Panel Heat Insulation For Gyms

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Minimum Order Quantity: 100 square meters
- Price: \$16.66/square meters 100-199 square meters
- Packaging Details: Pallet
- Payment Terms: T/T
- Supply Ability: 5000 Square Meter/Square Meters per Month

MAGIC CUBE  
ACOUSTIC MATERIALS

#### Product Specification

- Warranty: 1 Year
- After-sale Service: NONE
- Project Solution Capability: 3D Model Design
- Application: Hotel, Gymnasium, Meeting Room, Multi-Function Hall, Etc.
- Design Style: Modern
- Product Name: Soundproof Polyester Acoustic Panels
- Trademark: MQ Acoustics
- HS Code: 56021000
- Port: GUANGZHOU
- Highlight: Eco Friendly Polyester Fiber Acoustic Panel, Heat Insulation Polyester Fiber Acoustic Panel, Gyms Polyester Fiber Sound Absorbing Board

## Product Description

### Specification

Our environmentally friendly 3D polyester fiber sound-absorbing and heat-insulating panels are high-performance decorative materials designed for places that require a good acoustic environment, such as gyms, stadiums, and music rooms. This product not only has excellent sound absorption, but also effectively insulates, improving the comfort and energy saving of the space.

<b>Product Name</b>	3D Acoustic Panel
<b>Design Style</b>	Modern
<b>Core Material</b>	100% polyester fiber
<b>Application</b>	Gymnasium, Meeting Room, Multi-Function Hall, etc.
<b>Trademark</b>	MQ Acoustics

### Main features

Excellent sound absorption performance:

The 3D three-dimensional structure design can effectively absorb and disperse sound waves, reduce echoes and noise, and create a quiet and comfortable fitness environment. Whether it is the sound of equipment collision or music, it can be effectively controlled.

Environmentally friendly materials:

Made of 100% recyclable polyester fiber, it is non-toxic and odorless, meets environmental protection standards, is harmless to the human body, and is suitable for places with high air quality requirements.

Heat insulation:

In addition to the sound absorption function, the product also has good heat insulation performance, which can effectively reduce heat loss, help maintain indoor temperature, and reduce the energy consumption of air conditioning and heating.

Lightweight and easy to install:

The product is light in weight and easy to install. It can be cut and spliced according to needs, and is suitable for various walls and ceilings. Whether it is a new project or a renovation project, it can be easily handled.

Beautiful and durable:

The surface adopts 3D stereoscopic design, which not only enhances the sound absorption effect, but also enhances the decorative beauty. A variety of colors and textures are available, which can be perfectly integrated with various interior design styles. At the same time, the material is durable, not easy to deform, and has a long service life.

### Product Description

## THE 3D POLYESTER

The 3D polyester fiberboard is made of polyester fiber by high-tech hot pressing. It made in the shape of cocoon cotton to achieve density diversity and ensure ventilation. The highest sound absorption coefficient in the noise range of 125~4000HZ can reach 0.9 or more, and it has good performance in the middle and high frequency range.

# Features

Environmental

Fire-retardant

Easy construction

acoustic and noise reduction

Impact-resistant

Any shape

widely used

three-dimensional texture

Highly decorative

# MULTIPLE DECORATIVE SHAPES

Colourful and three-dimensional

New Arrival  
Hot-pressed  
Fabric Surface

# QUICK AND EASY INSTALLATION

1. Keep the surface clean and operate in a dry, oil-free condition

2. Please shake well before use to achieve better results

3. Spray evenly from 20-30cm away from the bonding surface

4. Invert the sprayer irrigation after use and spray downward for about 2-3 seconds to clean the residual glue and avoid clogging of the spray head

## FIRE RESISTANT 3D FIBRE

Fire resistant 3D fibre acoustic panels is easy to work with, easy to maintain and a wide range of colours

# ACOUSTIC DECORATIVE TREATMENT IS NOT THAT DIFFICULT

Company Profile

# ABOUT US

Magic Cube (MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics & Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

In order to meet the higher needs of customers, we has introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we has an annual output of more than 500,000 square meters of various acoustic materials.

environment construction and industrial noise control. Our products are developed and designed by authoritative acoustic experts and designers to ensure the acoustic performance and decorative effect of the materials. We are committed to the combination of Acoustics & Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

## FAQ

### 1. who are we?

We are based in Guangdong, China, start from 2018, sell to North America(29.00%), Mid East(10.00%), Southeast Asia(10.00%), Eastern Europe(6.00%), Western Europe(6.00%), Southern Europe(5.00%), South Asia(2.00%), Domestic Market(2.00%), Northern Europe(2.00%), South America(2.00%), Eastern Asia(2.00%), Oceania(1.00%). There are total about 11-50 people in our office.

### 2. how can we guarantee quality?

Always a pre-production sample before mass production;

Always final Inspection before shipment;

### 3. what can you buy from us?

acoustic panel, fabric acoustic panel, grooved acoustic panel, perforated acoustic panel, movable partition

### 4. why should you buy from us not from other suppliers?

Magic Cube(MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control.

### 5. what services can we provide?

Accepted Delivery Terms: FOB, CFR, EXW, DDP, Express Delivery, DAF ;

Accepted Payment Currency: USD, EUR, JPY, CAD, AUD, HKD, GBP, CNY, CHF ;

Accepted Payment Type: T/T, MoneyGram, Credit Card, Western Union, Cash ;

Language Spoken: English, Chinese
