

## Square Edge Hexagon PET 3D Acoustic Panel Soundproof For Educational Facilities

### Our Product Introduction

for more products please visit us on [acousticpanelwalls.com](http://acousticpanelwalls.com)

#### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MQ Acoustics
- Model Number: polyester fiber acoustic panel
- Minimum Order Quantity: 100 square meters
- Price: \$0.99/square meters  $\geq 100$  square meters
- Supply Ability: 5000 Square Meter/Square Meters per Month

#### Product Specification

- Warranty: 1 Year
- After-sale Service: Online Technical Support, Return And Replacement, Other
- Project Solution Capability: Total Solution For Projects, Others
- Application: Office Building, Office, Meeting Room, Multi-Function Hall, Etc.
- Design Style: Modern
- Model NO.: Polyester Fiber Acoustic Panel
- Edge: Square
- Color: Customized
- Core Material: Polyester Fiber
- Installation: Pasting Directly With Spray, Hot Melt Adhesive
- Specification: 1200\*2400mm, 600\*600mm, 400\*230mm, 55\*160mm, Ect
- Origin: China

ACOUSTIC MATERIALS

# 3D POLYESTER ACOUSTIC PANEL

various shapes|acoustic and noise  
reduction|No deformation under pressure

# THE 3D POLYESTER

The 3D polyester fiberboard is made of polyester fiber by high-tech hot pressing. It made in the shape of cocoon cotton to achieve density diversity and ensure ventilation. The highest sound absorption coefficient in the noise range of 125~4000HZ can reach 0.9 or more, and it has good performance in the middle and high frequency range.

## Features

# ABOUT US

Magic Cube (MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics & Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

In order to meet the higher needs of customers, we has introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we has an annual output of more than 500,000 square meters of various acoustic materials.

## FAQ

### 1. Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a week to produce.

### 2. Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

### 3. How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings,

don't hesitate to send it to us.

### 4. Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.

For more information, please feel free to contact us.
