

## Special Painted Decorative Fiberglass Panels for Interior Decoration and Soundproofing

### Our Product Introduction

#### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MQ Acoustics
- Model Number: Fiberglass ceiling panel
- Minimum Order Quantity: 100 square meters
- Price: \$5.99/square meters  $\geq 100$  square meters
- Supply Ability: 5000 Square Meter/Square Meters per Month

#### Product Specification

- Warranty: 5 Years
- After-sale Service: Online Technical Support, Return And Replacement, Other
- Project Solution Capability: Total Solution For Projects, Others
- Application: Office Building, Office, Residential, Commercial Building, Etc.
- Design Style: Modern
- Function: Sound-Absorbing
- Feature: Integrated Ceilings
- Ceiling Tile Shape: Rectangle
- Ceiling Tile Type: Fiberglass Ceilings
- Model NO.: Fiberglass Ceiling Panel
- Edge: Square, Tegular, Insert
- Color: White
- Core Material: Glass Wool
- Specification: 505x505, 600x600, 600x900, 900x1200mm

#### More Images

### Products Description

Fiberglass ceiling panel is made of fiberglass and acoustic transparent wrappage. The fiberglass ceiling panel has good sound absorption performance and good decorative appearance.

A variety of edge and corner styles are available, and some may be used in combination to create unique and attractive designs. Whether the situation requires stringent acoustical qualities or demands a large range of finishes in order to match existing decor, the MQ fiberglass ceiling panel will have a could for your application.

### Details Images

# Sound Absorption

## FIBERGLASS CEILING SOUND-ABSORBING BOARD

It is safe and healthy, does not contain phenolic resin, and the unique binder composition makes the raw cotton softer, making the product more suitable for processing and installation.

noise reduction

Improve sound field

Easy installation

Light weight

Anti breaking

Environmental protection E1 / E0

Waterproof and moisture-proof

No odor

Fire retardant

## FOCUS ON ENVIRONMENTAL HEALTH PHENOLIC RESIN FREE

Fiberglass ceiling is a board made of glass fiber as the main raw material. It does not contain phenolic resin and other harmful substances to the environment. It is healthy, environment-friendly and safe to use

glass fibre

Non corrosive

environment  
protection

# Product Details

## Excellent material

---

Glass fiber High pressure forming, positive and negative Covered with glass fiber felt

## Anti subsidence

---

The material is composed of broken glass and good dimension, which is closely arranged and has a cow face structure. B makes it possible to record water accidentally after installation, and the original size remains unchanged after drying

## Waterproof and moisture-proof

---

After special treatment, the base material can be waterproof and moisture-proof, and can be durable in humid environment.

## No dust

---

The four sides of the panel layer are sealed and will not produce dust, which can effectively prevent the adsorption of dust in the air, keep the panel clean for a long time, and play a significant role in the cleanliness of the indoor environment
