

Gymnasium Home Theater Decorative Wall Panels with Steel Keel Installation Accessories

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MQ Acoustics
- Certification: CE, ASTM, ISO
- Model Number: Pattern Acoustic Panel
- Minimum Order Quantity: 100 square meters
- Price: \$28.88/square meters 100-199 square meters
- Packaging Details: Carton Box, Pallet
- Supply Ability: 5000 Square Meter/Square Meters per Month

Product Specification

- Warranty: 5 Years
- After-sale Service: Online Technical Support, Return And Replacement, Other
- Project Solution Capability: Total Solution For Projects, Others
- Application: Home Office, Gymnasium, Meeting Room, Multi-Function Hall, Etc.
- Design Style: Modern
- Model NO.: Pattern Acoustic Panel
- Thickness: 12mm/15mm/18mm
- Surface: Melamine, Wood Veneer, HPL, PU Paiting
- Back: Black Acoustic Felt
- Specification: 600*600mm/600*1200mm
- Origin: China
- Installation Accessories: Steel Keel
- Trademark: MQ Acoustics
- Patent: GUANGZHOU

Product Description

Products Description

Pattern wooden acoustic panel is an innovative development done on the traditional acoustic board which is very different from other sound-absorbing boards in appearance and specifications. The panel can engrave different patterns on it according to customer requirements to meet customer requirements in space design. The surface of the carved plate is composed of irregular holes or slits which is very suitable for individualized places.

Basic Material	MDF
Thickness	12/15/18 MM
Standard	Class E1
Pattern	Customized

Something From Nothing 100% 
Our acoustical felt backing is made from 100% recycled materials.

Making Modern Style 
Combine classic design with the modernity of clean lines and minimalism.

Acoustic Design 
when the sound waves hit the panels the waves are absorbed in the felt and it eliminated the reverberation.

Introduction of Materials

Polyester board - substrate - veneer

Acoustical felt

The felt is made from recycle plastic (bottles)
The felt absorbs the sound waves and dampens the sound.

Surface

Wood from sustainable forestry
All the wood we use comes from sustainable forestry, which ensures that the forest can reproduce more trees than what is being cut.

Slats

The core of the acoustics panel consists of a medium density fibreboard and is available in black or a natural colour. The slats create diffusion, which essentially means that they break the sound waves and thereby dampen the sound.

Class A Sound Absorption

Tired of your home sounding like an echo chamber?

Each Slat Acoustics Panel absorbs up to **100% of sound frequencies between 500-1000Hz**, making your space sound naturally warm and welcoming.

About Installation

FULLY CUSTOMIZABLE

Make it Yours From headboards, to TV walls, and anything in between, you can easily cut Willow Panels by hand to perfectly suit your project.

Multiple application space

Primarily used in commercial spaces, our acoustic panels provide excellent sound reduction. Due to their warm soft aesthetics, more and more private clients are choosing them for their own residences.

why we love this product:

① Look

It simply looks great and can transform a room. Great as a feature wall to add interest in domestic and commercial environments.

② Feel

Order a sample to feel for yourself but there is a lovely texture to the face of the slats of this product because of a unique veneer pressing process.

③ Installation Ease

Simply offer the panel to the wall and use black fixings which are barely visible through the black PET backing.

④ Value

Combining a sound absorbing PET backing and timber slats; there are few products in the market that offer this kind of aesthetic versus the material cost.

⑤ Quality

This is the original, high quality product manufactured in China.

About the Company

Magic Cube(MQ)Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics&Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

The exhibition hall

In order to meet the higher needs of customers, we have introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we have an annual output of more than 500,000 square meters of various acoustic materials.

Certification

MAGIC CUBE Acoustics has focused on the R&D, production and sales of various sound absorption and sound insulation products. Our products have passed CE, ISO9001 & SGS certificate. MAGIC CUBE has more than a dozen patented acoustic technology products, and more than 30 domestic and international test reports.
