

28kg/M2 Density Moveable Office Partitions Conference Room Acoustic Partition Walls

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MQ Acoustics
- Model Number: Movable Partitions
- Minimum Order Quantity: 100 square meters
- Price: \$89.99/square meters ≥ 100 square meters
- Packaging Details: Movable Wall Carton Paper Packaging.
- Supply Ability: 5000 Square Meter/Square Meters per Month

MAGIC CUBE
ACOUSTIC MATERIALS

Product Specification

- General Use: Commercial Furniture
- Type: Office Furniture, Melamine MDF Panel, Fireproof PVC Board, Fabric(Le
- Mail Packing: N
- Application: Home Office, Hotel, Office Building, Mall, Workshop, Other, Hall, Gym, Office, Hotel Banquet Hall, Etc.
- Design Style: Modern
- Model NO.: Movable Partitions
- Surface: MDF Board, Fabric, Leather
- Density: 28~32kg/M2
- Dimensions: W700-1200mm, H2000-5200mm, Thickness 80-110mm
- Transport Package: Movable Wall Carton Paper Packaging.
- Trademark: MQ Acoustics
- HS Code: 76101000

Product Description

Products Description

Movable partition is a movable wall with general wall functions that can divide large space into small space or connect small space into large space at any time according to needs. It can play a role of multiple functions in one hall or one room. The acoustic movable walls brings great convenience to people's work. For example, you can fold it on one side when you need it, so that the two spaces are temporarily joined to make them appear larger, which is convenient for temporary departmental meetings.

Type	65 type, 80 type, 100 type, ultra high 100 type
Density	28-32kg/m ³
STC	40DB-50DB
Width	700-1200mm
Height	2000-5000mm
Thickness	80-110mm

PRODUCT FEATURES

Steel Frame

The frame is made of 2mm welded heavy-duty galvanized steel. It provides the frame with high rigidity & durability.

Free 5-year warranty on welded steel frame

New Sweep Seals

Four-finger sweep seals are installed at panel's top and bottom, which increase the contact point by 50%, when comparing to the past product series. It provides optimum seal contact to keep out sound effectively.

Improved Trim System

Trimmed and trimless designs provide options for reinforced and replaceable face panels, catering different design proposals.

Newly Invented Bullnose

The single design bullnose replaces the traditional male and female-sided bullnose. Equipped with vertical compressive seals, it improves the depth of interlocking, and prevents sound leaks effectively.

①

Standard clearance top 25mm and bottom 38mm mechanical seals, together with the four-finger multiple contact sweep seals, keep out sound effectively.

②

Gypsum or galvanized steel faces as standard face finishes. Single seamless panel with a maximum height of 13m. Panels can be lengthened up to 18.3m through splicing.

③

Waist-high seal activator for easy operation.

④

"Quick set" top and bottom mechanical seals provide the most reliable and fastest operation.

⑤

Acoustics performance achieves STC 54 on ASTM Complete Operable System Test Report.

⑥

Patented overall design and features, with accredited international certifications for rigorous acoustics and seismic performance standards.

TRACK SYSTEM

A high quality track system ensures that partitions will operate smoothly for years to come and assist in the quick set-up and storage of panels. All tracks have been rigorously tested for a minimum of 100 miles (approx 14 years) of usage cycle time. Job requirements vary, which is why we offer a wide selection of tracks to meet your operating requirements.

FAQ

1. Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a week to produce.

2. Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

3. How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings,

don't hesitate to send it to us.

4. Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.

For more information, please feel free to contact us.
