

Wood Veneer Micro Perforated Acoustic Panels 12mm Thickness For Full Frequency Absorption

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MQ Acoustics
- Certification: CE, ASTM, ISO
- Model Number: Pattern Acoustic Panel
- Minimum Order Quantity: 100 square meters
- Price: \$29.99/square meters 100-199 square meters
- Packaging Details: Carton Box, Pallet
- Supply Ability: 5000 Square Meter/Square Meters per Month

Product Specification

- Warranty: 1 Year
- After-sale Service: Online Technical Support, Return And Replacement, Other
- Project Solution Capability: Total Solution For Projects, Others
- Application: Home Office, Gymnasium, Meeting Room, Multi-Function Hall, Etc.
- Design Style: Modern
- Model NO.: Pattern Acoustic Panel
- Thickness: 12mm/15mm/18mm
- Surface: Melamine, Wood Veneer, HPL, PU Painting
- Back: Black Acoustic Felt
- Specification: 600*600mm/600*1200mm
- Origin: China
- Installation Accessories: Steel Keel
- Trademark: MQ Acoustics
- Brand: GUANGZHOU

Products Description

Pattern wooden acoustic panel is an innovative development done on the traditional acoustic board which is very different from other sound-absorbing boards in appearance and specifications. The panel can engrave different patterns on it according to customer requirements to meet customer requirements in space design. The surface of the carved plate is composed of irregular holes or slits which is very suitable for individualized places.

Product Details

We focus on detail improvement

High Density Base Material

Special selection of high quality MDF panel. The wood fiber is uniform and meticulous makes the panel durable with high strength.

Smooth Surface

The self-improved veneer laminating technology makes the veneer and the substrate better laminating, the surface is smooth and beautiful, not easy to crack and deformation, and the service life is long

Black Acoustic Felt

High quality black acoustic felt on the back side of the panel makes the acoustic performance better and prevent the padding coming out from the panel.

Precise Cutting Process

The surface and the edge of the panel is clean by standardized production. The installation groove is accurate when install with the steel keel system.

Product Features

1/ Variety Of Finishes

2/ Aesthetic Appearance

3/ Eco-friendly&Fire Resistant

4/ Sound Absorption And Noise Reduction

Applications

- 1 Professional recording space: recording studios, broadcast studios, rehearsal rooms, etc.
- 2 Large-scale music space: theaters, concert halls, KTV rooms, etc.
- 3 Office space: office buildings, meeting rooms, hotels, etc.

Installation Guidance

Cross-section Structure

Installation System II (without gap)

Cross-section Structure

Installation for ceiling

ABOUT US

Magic Cube(MQ)Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics&Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

The exhibition hall

In order to meet the higher needs of customers, we have introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we have an annual output of more than 500,000 square meters of various acoustic materials.

FAQ

1. Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a week to produce.

2. Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

3. How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings,

don't hesitate to send it to us.

4. Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.

For more information, please feel free to contact us.
