

Work Settings Outdoor Acoustic Fence Panels For Effective Noise Control

Our Product Introduction

for more products please visit us on acousticpanelwalls.com

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 50 square meters
- Price: \$51.90/square meters 50-99 square meters
- Packaging Details: Bag
- Supply Ability: 5000 Square Meter/Square Meters per Month

Product Specification

- Warranty: 3 Years
- After-sale Service: Online Technical Support, Free Spare Parts
- Project Solution Capability: Others
- Application: Outdoor, Outdoor
- Design Style: Modern
- Function: Soundproof
- Feature: Environment Friendly
- Color: Customer Require
- Raw Materials: Acoustic Cotton And Sound Insulation Felt
- Surface Finished: PVC Tarpaulin And Fabric
- Material: Acoustic Cotton And Sound Insulation Felt
- Type: Acoustic Barrier
- Certificate: TUV
- Advantage: Portable
- Highlight: **Work Settings Outdoor Acoustic Fence Panels.**

Product Description

Product Description

Acoustic barrier adopts a flexible design and can be hung on the steel frame and wall through hardware accessories, effectively increasing the sound insulation performance. The sound barrier is composited with materials with different acoustic characteristics such as waterproof B1 flame-retardant high-quality PVC, sound-absorbing cotton, and sound insulation felt, so as to achieve a higher comprehensive sound insulation structure. The laboratory measured air sound insulation $R_w=27$ dB.

Specification

Finish Material	PVC Tarpaulin and Fabric
Inner Materials	Acoustic cotton and Sound insulation felt
Size	2400*1000mm (customization is available)
Thickness	15-18mm
Color	Green,Grey,Black,Blue and Customer Require
Weight	7kgs/m ²
Fabric Design	Rhombus,Vertical Line,Square
STC	17-27dB

If you need customized size / color/ , please contact customer service.

Product Description

Acoustic Barrier

Product Features

Portable acoustic barrier is designed with high-adhesive velcro around it and the joints are seamlessly connected, effectively blocking noise, dust and light pollution. The use of sound barriers with steel frames is suitable for large-area paving, and is generally used in temporary buildings or high-noise places where frequent disassembly and assembly are required.

High STC and NRC

Seamlessly Connected

Fire Resistance

Specifications

- 1 Finish Materials:PVC Tarpaulin & Fabric
- 2 Inner Materials:Acoustic cotton & Sound insulation felt
- 3 Size:2400*1000mm (customization is available)
- 4 Standard Thickness:15 -18 mm
- 5 Color:Green, Grey, Black, Blue
- 6 Weight:7kgs/m²
- 7 Fabric Design: Rhombus, Vertical Line, Square
- 8 Absorption Coefficient : 17-27dB

Company Profile

ABOUT US

Magic Cube (MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics & Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

In order to meet the higher needs of customers, we has introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we has an annual output of more than 500,000 square meters of various acoustic materials.

Magic Cube(MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. Our products are developed and designed by authoritative acoustic experts and designers to ensure the acoustic performance and decorative effect of the materials.

We are committed to the combination of Acoustics & Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

FAQ

1. who are we?

We are based in Guangdong, China, start from 2018, sell to Domestic Market(50.00%), North America(15.00%), Eastern Europe(6.00%), Western Europe(6.00%), Northern Europe(6.00%), Southern Europe(5.00%), Mid East(3.00%), South America(2.00%), Southeast Asia(2.00%), Eastern Asia(2.00%), South Asia(2.00%), Oceania(1.00%). There are total about 11-50 people in our office.

2. how can we guarantee quality?

Always a pre-production sample before mass production;

Always final Inspection before shipment;

3. what can you buy from us?

acoustic panel, fabric acoustic panel, grooved acoustic panel, perforated acoustic panel, movable partition

4. why should you buy from us not from other suppliers?

Magic Cube(MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control.

5. what services can we provide?

Accepted Delivery Terms: FOB,CFR,EXW,DDP,Express Delivery,DAF ;

Accepted Payment Currency:USD,EUR,JPY,CAD,AUD,HKD,GBP,CNY,CHF;

Accepted Payment Type: T/T,MoneyGram,Credit Card,Western Union,Cash;
