Product Description

Product Description

With Acupanel's range of ready-made acoustic wood panelling, you can make any wall a work of art. Made from contemporary grade wood veneer that's been carefully chosen for its consistency and character, all our slatted wall panels are cut by hand in China. And with each panel pre-bonded to a rigid recycled felt backing, Acupanel® promises soundproofing that's second to none.

KEY FEATURE

*The original acoustic slat wood wall and ceiling panel.

*Oiled finish option available.

*Perfect for both residential and commercial environments. Backing felt material produced from recycled material.

*Quick and easy installation.

*Class-A superior sound absorption.

3-sided veneer

The veneer in our panel is wrapped around on each side, unlike cheaper solutions available on the market, in which it is either not visible on the sides or sides they are glued from another piece of veneer so you can see the veneer joints at the corners of the panel.

A wide range of colors

They are available in several colors, so you will surely find the perfect color for you.

The highest standards are maintained during production - not only in terms of quality, but also visually.

Size And Color

we have more other customized size and color

[Welcome to consult and customize](#)

Multiple application space

Primarily used in commercial spaces, our acoustic panels provide excellent sound reduction. Due to their warm soft aesthetics, more and more private clients are choosing them for their own residences.
