## Product Description

### Products Description

Our Customized Pattern Wood Veneer Slat Panels are designed to elevate the aesthetic appeal of both commercial and residential spaces. These panels are perfect for theater decor, office buildings, and other high-end interiors, offering a blend of natural beauty and modern design.

### Key Features

#### High-Quality Wood Veneer:

Made from premium wood veneer, these panels showcase the natural grain and texture of wood, providing an elegant and sophisticated look.

Available in a variety of wood species, including oak, walnut, cherry, and maple, to match different design preferences.

#### Customizable Patterns:

We offer a wide range of customizable patterns, allowing you to create unique designs that complement your interior decor. Patterns can be tailored to fit specific themes, such as geometric, floral, or abstract designs.

#### Durable and Long-Lasting:

The panels are treated with a protective finish to enhance durability and resistance to wear and tear. Ideal for high-traffic areas, ensuring long-lasting beauty and performance.

#### Easy Installation:

Designed for easy installation, these slat panels can be quickly mounted on walls or ceilings. Comes with a user-friendly installation guide and all necessary hardware.

## Company Profile

### ABOUT US

Magic Cube (MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics & Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

In order to meet the higher needs of customers, we has introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we has an annual output of more than 500,000 square meters of various acoustic materials.

## FAQ

### 1. Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a week to produce.

### 2. Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

### 3. How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings, don't hesitate to send it to us.

### 4. Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.
