## Product Description

### Products Description

Timber slat wall panels are a sophisticated integration of a polyester fiber acoustic panel with MDF wood slats. Our use of high-density polyester fiber acoustic panels serves as a robust base, which can be tailored with a custom finish to match your desired specifications for the timber slats.

These wall panels are designed to concentrate sound absorption in the mid-frequency range while still allowing for some absorption of higher frequencies. They deliver superior sound-absorbing performance, markedly improving indoor reverberation times and substantially refining the clarity and richness of the environment's articulate speech.

|           |                        |

## Company Profile

---

# About the Company

Magic Cube(MQ)Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics&Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

The exhibition hall

In order to meet the higher needs of customers, we have introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we have an annual output of more than 500,000 square meters of various acoustic materials.

## Team Activity

# Package&Transport

**1. Can I get free samples and how long does it take to produce samples?**

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a week to produce.

**2. Do you accept OEM or ODM order?**

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

**3. How to get an accurate quotation?**

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings.

**4. Payment terms**

T/T 30% deposit before production, 70% balanced payment before delivery.

**For more information, please feel free to contact us.**
