

## Building Decorative Material 20mm Thick Fiberglass Acoustic Wool Ceiling Tile

Our Product Introduction

for more products please visit us on [acousticpanelwalls.com](http://acousticpanelwalls.com)

### Basic Information

- Place of Origin: China
- Brand Name: Magic Cube
- Minimum Order Quantity: 100 square meters
- Packaging Details: Bag
- Payment Terms: T/T
- Supply Ability: 5000 Square Meter/Square Meters per Month

### Product Specification

- Warranty: More Than 5 Years
- After-sale Service: Online Technical Support
- Project Solution Capability: Others
- Application: Home Office, Office Building
- Design Style: Modern
- Function: Sound-Absorbing, Soundproof, Soundproof Fiberglass Ceiling
- Ceiling Tile Shape: Square
- Ceiling Tile Type: Fiberglass Ceilings
- Feature: Environment Friendly
- Color: Customer Require
- Raw Materials: High Density Fiberglass Wool
- Port: GUANGZHOU
- Highlight: **Acoustic Wool Ceiling Tile, Building Decorative Material Ceiling Tile**

## Product Description

### Specification

---

Material	Glass wool
Function	Sound-Absorbing, Soundproof
Ceiling Tile Type	Fiberglass Ceilings
Thickness	15MM/20MM/30MM/40MM/50MM or Customization
Color	Customer Require

### Features

- 1. Excellent sound absorption performance:** Our Fiberglass Acoustic Wool Ceiling Tile is made from high-quality fiberglass wool, known for its excellent sound-absorbing properties. With a thickness of 20mm, it effectively dampens sound waves, reducing unwanted noise and reverberation. This makes it an ideal solution for areas prone to excessive echoes, such as auditoriums, conference rooms, and office spaces.
- 2. Long-lasting durability:** Crafted from fire-resistant fiberglass wool, our ceiling tile ensures the safety of your occupants while withstanding the demands of everyday use. Its robust construction maintains its acoustic properties over time, making it a durable and reliable choice.
- 3. Beautiful design:** Despite its functional credentials, our Fiberglass Acoustic Wool Ceiling Tile is far from aesthetically dull. Its sleek, minimalist design effortlessly blends with any interior decor, making it a versatile choice for a wide range of applications. The tile's smooth, flat surface creates a seamless look, contributing to the overall elegance of your space.
- 4. Easy installation process:** Installation of our ceiling tile is straightforward and hassle-free. It can be easily fixed to existing grid systems, allowing for a quick and efficient upgrade to your acoustic environment. Its lightweight nature means that it can be easily handled and maneuvered during installation.

# SOUND ABSORPTION AND NOISE REDUCTION EASY INSTALLATION

FIBERGLASS CEILING SOUND-ABSORBING BOARD

## Product information

Main Material	Glass wool
Size	595x595, 600x600, 603x603, 600x1200mm or Customized
Thickness	15mm, 20mm, 30mm, 40mm, 50mm or Customized
Finish	Special painted laminated with decorative fiberglass tissue
Color	White or other colors as demanded
Density	Fiberglass wool 64-120KG/m <sup>3</sup> , special density can be supplied
Shape	Square, circle, rectangle, hexagon, support customization
Edge	Square, Tegular, Insert
Eco-Friendly	Class E1
Flame retardant	China Standard Class A

## Project

# Product Details

## Excellent material

---

Glass fiber High pressure forming, positive and negative Covered with glass fiber felt

## Anti subsidence

---

The material is composed of broken glass and good dimension, which is closely arranged and has a cow face structure. B makes it possible to record water accidentally after installation, and the original size remains unchanged after drying

## Waterproof and moisture-proof

---

After special treatment, the base material can be waterproof and moisture-proof, and can be durable in humid environment.

## No dust

---

The four sides of the panel layer are sealed and will not produce dust, which can effectively prevent the adsorption of dust in the air, keep the panel clean for a long time, and play a significant role in the cleanliness of the indoor environment

## FOCUS ON ENVIRONMENTAL HEALTH PHENOLIC RESIN FREE

Fiberglass ceiling is a board made of glass fiber as the main raw material. It does not contain phenolic resin and other harmful substances to the environment. It is healthy, environment-friendly and safe to use

Company Profile

# ABOUT US

Magic Cube (MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics & Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

In order to meet the higher needs of customers, we has introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we has an annual output of more than 500,000 square meters of various acoustic materials.

Magic Cube(MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing,

architectural acoustical environment construction and industrial noise control. Our products are developed and designed by authoritative acoustic experts and designers to ensure the acoustic performance and decorative effect of the materials.

We are committed to the combination of Acoustics & Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

## FAQ

### 1. who are we?

We are based in Guangdong, China, start from 2018, sell to Domestic Market(50.00%), North America(15.00%), Eastern Europe(6.00%), Western Europe(6.00%), Northern Europe(6.00%), Southern Europe(5.00%), Mid East(3.00%), South America(2.00%), Southeast Asia(2.00%), Eastern Asia(2.00%), South Asia(2.00%), Oceania(1.00%). There are total about 11-50 people in our office.

### 2. how can we guarantee quality?

Always a pre-production sample before mass production;

Always final inspection before shipment;

### 3. what can you buy from us?

acoustic panel, fabric acoustic panel, grooved acoustic panel, perforated acoustic panel, movable partition

### 4. why should you buy from us not from other suppliers?

Magic Cube(MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control.

### 5. what services can we provide?

Accepted Delivery Terms: FOB, CFR, EXW, DDP, Express Delivery, DAF ;

Accepted Payment Currency: USD, EUR, JPY, CAD, AUD, HKD, GBP, CNY, CHF;

Accepted Payment Type: T/T, MoneyGram, Credit Card, Western Union, Cash;
