Product Description

Products Introduction

Upgrade your space with our elegant and functional 3D Wood Slat Wall Panels. These panels offer a unique 3D effect that adds depth and texture to walls and ceilings, creating a visually striking interior. Made from high-quality materials, they are both durable and easy to install, making them an ideal choice for any room.

Key Features

Stunning 3D Visuals: The innovative slat design creates a three-dimensional look that enhances any room's aesthetics.

High-Quality Craftsmanship: Constructed with premium wood slats and a robust backing for longevity and durability.

Easy Installation: Designed for simple mounting on existing walls and ceilings, saving you time and effort.

Acoustic Benefits: The slatted structure effectively absorbs sound waves, reducing echoes and improving the overall acoustic environment.

Specifications

Height: 240cm

5 Use screws to install the sound-absorbing panels on the wall

6 Complete the installation

Company Profile

About the Company

Magic Cube(MQ)Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics&Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

The exhibition hall

In order to meet the higher needs of customers, we have introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we have an annual output of more than 500,000 square meters of various acoustic materials.

Team Activity

Package&Transport

1. Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a week to produce.

2. Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

3. How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings.

4. Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.

For more information, please feel free to contact us.
