Product Description

PET Felt Acoustic Panel Slatted Decorative Board For Wall And Ceiling Polyester Acoustic Felt Panel

Timber slat **PET felt board** is the perfect combination of pet felt acoustic panel and MDF wood slats. We use high-density polyester fiber acoustic panels as the base, and the finish of the *acoustical slat panel* can be customized to your requirements. The handcrafted slatted panels are easy to install on your walls or ceilings for interior decor. The **slatted polyester acoustic felt panel** helps to create an environment that is not only quiet but also modern, soothing and relaxing.

Something From Nothing 100% 
Our acoustical felt backing is made from 100% recycled materials.

Making Modern Style 
Combine classic design with the modernity of clean lines and minimalism.

Acoustic Design 
when the sound waves hit the panels the waves are absorbed in the felt and it eliminated the reverberation.

Class A Sound Absorption

Tired of your home sounding like an echo chamber?

Each Slat Acoustics Panel absorbs up to **100% of sound frequencies between 500-1000Hz**, making your space sound naturally warm and welcoming.

About Installation

FULLY CUSTOMIZABLE

Make it Yours From headboards, to TV walls, and anything in between, you can easily cut Willow Panels by hand to perfectly suit your project.

4

Multiple application space

Primarily used in commercial spaces, our acoustic panels provide excellent sound reduction. Due to their warm soft aesthetics, more and more private clients are choosing them for their own residences.

why we love this product:

1 Look

It simply looks great and can transform a room. Great as a feature wall to add interest in domestic and commercial environments.

2 Feel

Order a sample to feel for yourself but there is a lovely texture to the face of the slats of this product because of a unique veneer pressing process.

3 Installation Ease

Simply offer the panel to the wall and use black fixings which are barely visible through the black PET backing.

4 Value

Combining a sound absorbing PET backing and timber slats; there are few products in the market that offer this kind of aesthetic versus the material cost.

5 Quality

This is the original, high quality product manufactured in China.

Package&Transport

About the Company

Magic Cube(MQ)Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics & Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

The exhibition hall

In order to meet the higher needs of customers, we have introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we have an annual output of more than 500,000 square meters of various acoustic materials.

Certification

MAGIC CUBE Acoustics has focused on the R&D, production and sales of various sound absorption and sound insulation products. Our products have passed CE, ISO9001 & SGS certificate. MAGIC CUBE has more than a dozen patented acoustic technology products, and more than 30 domestic and international test reports.
