

## Cinema Indoor Noise Reduction 25mm Thickness Fabric Wrapped Wall Panels

### Our Product Introduction

#### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MQ Acoustics
- Certification: CE, ASTM, ISO
- Model Number: Fabric Wrapped Acoustic Panel
- Minimum Order Quantity: 100 square meters
- Packaging Details: Carton Box, Pallet
- Delivery Time: 5-8 work days
- Payment Terms: T/T
- Supply Ability: 5000 Square Meter/Square Meters per Month

#### Product Specification

- Warranty: 1 Year
- After-sale Service: Online Technical Support, Return And Replacement, Other
- Project Solution Capability: Total Solution For Projects, Others
- Application: Home Office, Office, Meeting Room, Multi-Function Hall, Etc.
- Design Style: Modern
- Model NO.: Fabric Wrapped Acoustic Panel
- Edge: Bevel, Straight
- Color: White, Blue, Customization
- Core Material: Glass Wool
- Frame: Resin Frame, MDF Frame, Aluminium Frame
- Specification: 600\*600mm, 600\*1200mm Or Customized
- Transport Package: Carton Box, Pallet
- Trademark: MQ Acoustics

## Products Description

The fabric-wrapped acoustic panel is a widely utilized solution known for its exceptional sound absorption capabilities. The core material of this panel consists of fireproof A-class fiberglass wool, ensuring both safety and performance. Additionally, the finish options for the fabric acoustic panel include textile fabric, fiberglass fabric, or leather. These choices not only enhance the aesthetic appeal but also provide an excellent decorative effect.

Size	600x2400mm (Standard); up to 1200x2440mm
Thickness	25/50mm
Fire-rated	Class A or B
Edge	90-degree right angle, 45-degree chamfer, or curved angle

### Below are the futures:

**Exceptional Sound Absorption Performance:** The fabric-wrapped acoustic panel exhibits outstanding sound absorption capabilities across low, medium, and high frequencies. This effectively mitigates everyday noise and reduces reverberation time, thereby enhancing sound quality and clarity of speech.

**Aesthetic Appeal:** The surface decoration fabric is available in a diverse array of rich colors and patterns to meet various acoustic design requirements or personal preferences. This contributes to the creation of a comfortable, tranquil, warm, and elegant interior environment.

Additionally, the panel possesses fire-retardant properties while being lightweight. Its robust flame retardant characteristics ensure enhanced safety during use. Furthermore, its lightweight nature alleviates the load on the building's steel framework during installation, providing added convenience for construction and assembly.

# About Us

Magic Cube (MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics & Aesthetic. to

limited to the combination of needs of customers, so offering our clients the best acoustic solution with high quality acoustic material.

In order to meet the higher needs of customers, we has introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we has an annual output of more than 500,000 square meters of

## Certifications

# CERTIFICATION

MAGIC CUBE Acoustics has focused on the R&D, production and sales of various sound absorption and sound insulation products. Our products have passed CE, ISO9001 & SGS certificate. MAGIC CUBE has more than a dozen patented acoustic technology products, and more than 30 domestic and international test reports.

## FAQ

### 1. Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a week to produce.

### 2. Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

### 3. How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings,

don't hesitate to send it to us.

### 4. Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.

For more information, please feel free to contact us.
