

Fireproof Wood Wool Acoustic Panel For High-Performance Sound Absorption

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MQ
- Minimum Order Quantity: 100 pieces
- Packaging Details: Carton
- Delivery Time: 5-8 work days
- Payment Terms: T/T

Product Specification

- Standard Size: 1.22*2.44m
- Thickness: 1.5/2.0/2.5/3.0cm
- Fiber Width: 1.0/1.5/2.0/3.0mm
- Material: Wood Fiber+portland Cement
- Project Solution Capability: Graphic Design, 3D Model Design, Total Solution For Projects
- After-sale Service: Online Technical Support, Onsite Training, Return And Replacement
- Application: Bedroom, Concert Hall / Conference Hall / Airport
- Design Style: Modern
- Function: Sound Absorbing
- Packing: Carton
- Type: Acoustic Panels
- Installation: Keel And Nail
- Flame Retardant: Can Meet China Standard Class B1

WOOD WOOL PANEL

100% Natural Ingredients

NEW STYLISH CONCEPT, LIVING WITH FOREST

Wood Wool Panel is an environmentally friendly, recyclable material made from wood wool, cement and water. The natural components together provide many functional characteristics.

Product Description

product Type	Wood wool acoustic panel
Size	1220X2440mm
Thickness	15mm,20mm,25mm,30mm
Color	Natural white/Nature Grey/ Color Painted
Function	Waterproof, Moisture-Proof, Mould-Proof, Fireproof, Decoration Material
Application	interior and exterior wall decoration, like hotel, office; shopping mall; living room, etc
Packing	Pallet or bulk packing
Flame Retardant	Can meet China standard Class B1

Our acoustic Wood Wool panels are proudly manufactured in China using sustainable wood wool, cement, and water—an elegantly simple composition. These remarkable products meet all the essential criteria for an architectural acoustic solution: they are eco-friendly, sustainable, recyclable, fireproof, and effective at sound absorption.

CAN BE CUTTED INTO DIFFERENT SIZE AND SHAPE

surface with fine wood wool texture and hemlock wood tone presents the trends of eco-chic style

COLOUR PLAN

Natural Raw Colour or Manufacturer Colour Chart

Unlimited Creativity! Colored Diacrete wood wool cement panel series provides architects and interior designers a unique, vivid imagination in space creative work. Not only effectively solved the ignored acoustic issues , also expressed a fashionable and impressive look!

PRODUCT FEATURES

Various colour

Fireproof and moisture proof

Impact resistance

Good sound absorption performance

PROCESSING TECHNOLOGY

wood wool cement panels are a series of green building materials that provide in acoustic solutions, thermal insulation and wide applications for constructions.

60%
long wood wool fiber

40%
cement

APPLICATION

Acoustics Ceiling

Acoustics Wall

Outdoor Sound Barrier

CERTIFICATION

MAGIC CUBE Acoustics has focused on the R&D, production and sales of various sound absorption and sound insulation products. Our products have passed CE, ISO9001 & SGS certificate. MAGIC CUBE has more than a dozen patented acoustic technology products, and more than 30 domestic and international test reports.

ABOUT THE COMPANY

Magic Cube(MQ)Acoustics is a professional acoustic solution provider,integrating acoustic material manufacturing,architectural acoustical environment construction and industrial noise control.We are committed to the combination of Acoustics&Aesthetic,to offering our clients the best acoustic solution with high quality acoustic material.

The exhibition hall

In order to meet the higher needs of customers, we has introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we has an annual output of more than 500,000 square meters of various acoustic materials.
