Products Introduction

Our Wood Slat Wall Panel is an environmentally friendly, stylish wooden wall panel designed for various office spaces. Made from high-quality white oak materials, it boasts a superior texture, durability, and stability. This wall panel's unique design allows for easy assembly and disassembly, offering flexibility in spatial layout adjustments. Additionally, it provides excellent sound insulation and an aesthetically pleasing appearance, creating a comfortable and tranquil working environment for you.

Product Features:

Eco-friendly Material: Crafted from premium white oak materials, meeting environmental standards and suitable for recycling, reducing environmental impact.

Standard Sizing: Available in a standard size of 600*2400mm, suitable for various office spaces, and customizable according to your needs.

Easy Installation: Unique Acupanel design enables easy assembly and disassembly of the wall panels, facilitating spatial layout adjustments.

Sound Insulation: Special structural design provides excellent sound insulation, creating a comfortable and quiet working environment.

Aesthetically Pleasing: Clear wood grain and superior texture add a natural and elegant ambiance to your office space.

Durability: Strict quality inspection ensures that each wall panel can withstand long-term use, ensuring your investment is worthwhile.

Applicable Scenarios:

Office Partitions: Used to divide different functional areas and improve office efficiency.

Conference Rooms: Provide excellent sound insulation to ensure the privacy of meeting content.

Reception Areas: Create an elegant reception environment and enhance corporate image.

Open Office Spaces: Can be modularly combined according to needs to create flexible office spaces.

Home Spaces: Ideal for living rooms, bedrooms, and other areas to add a touch of nature and comfort.

Installation Steps

1 Measure the size of the installation location

2 Measure panel size

3 Cut to appropriate size

4 Distribute the glue evenly on the back of the panel

5 Use screws to install the sound-absorbing panels on the wall

6 Complete the installation

Company Profile

About the Company

Magic Cube(MQ)Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics&Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

The exhibition hall

In order to meet the higher needs of customers, we have introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we have an annual output of more than 500,000 square meters of various acoustic materials.

Team Activity

Package&Transport

1. Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a week to produce.

2. Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

3. How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings.

4. Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.

For more information, please feel free to contact us.
