Product Description

Products Introduction

The acoustic slat wood wall panel collection features elegantly designed wood strip decorative panels for walls and ceilings, combining modern aesthetics with exceptional acoustic performance. These panels are versatile, suitable for both walls and ceilings, and embody contemporary style in every detail.

Crafted with premium quality, the natural wood range showcases a smooth wood veneer finish. The clean, modern-looking lamella strips are affixed to a specially designed, eco-friendly recycled acoustic felt backing. Installation is quick and straightforward, enabling you to effortlessly revamp any space.

The panels come in two options: pre-oiled or unfinished natural wood. For enhanced durability, we recommend applying a finish to the natural wood. You can use any wood treatment, such as wax, oil, lacquer, or varnish. Once applied, the wood's color and grain will become more vibrant and pronounced.

Name	Wood Slat Acoustic Panel
Basic Material	polyester fiber acoustic panel+MDF pane
Finish	wood veneer/ PVC/ melamine
Size	60*240/270/300cm
Color	oak / walnut / teak / black / gray oak
Features	sound absorption, light weight, easy installation

Key Features:

Superior Acoustic Performance: Our wooden wall panels are engineered to deliver exceptional soundproofing and noise reduction. The unique design, featuring high-quality wood strips mounted on a recycled acoustic felt backing, effectively absorbs sound, making them perfect for creating quieter, more comfortable environments.

Modern and Elegant Design: The clean, natural wood finish of the lamella strips adds a touch of sophistication to any space. The panels are available in two finishes: oiled or unfinished natural wood, allowing you to customize the look to suit your decor. For added protection and enhanced beauty, we recommend applying a finish such as wax, oil, lacquer, or varnish.

Eco-Friendly and Sustainable: Crafted with sustainability in mind, these panels use recycled acoustic felt and high-quality wood veneers, making them an environmentally conscious choice for your interior design project.

Easy Installation: Designed for convenience, the panels can be quickly and easily installed on both walls and ceilings. Their lightweight yet durable construction ensures a hassle-free setup, allowing you to transform any space in no time.

Versatile Application: Ideal for a variety of settings, including living rooms, offices, conference rooms, restaurants, and more, these panels not only enhance acoustics but also serve as a stunning decorative element.

4 Distribute the glue evenly on the back of the panel

5 Use screws to install the sound-absorbing panels on the wall

6 Complete the installation

Company Profile

About the Company

Magic Cube(MQ)Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics&Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

The exhibition hall

In order to meet the higher needs of customers, we have introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we have an annual output of more than 500,000 square meters of various acoustic materials.

Team Activity

Package&Transport

1. Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a week to produce.

2. Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

3. How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings.

4. Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.

For more information, please feel free to contact us.
