

Noise Reduction Polyester Fiber Acoustic Panel Eco-Friendly For Meeting Rooms

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MQ Acoustics
- Model Number: fiber acoustic panels
- Minimum Order Quantity: 50pcs
- Price: 15.9/pc 100-200 pcs
- Packaging Details: Carton Box, Pallet
- Delivery Time: 5-8 work day
- Payment Terms: T/T

Product Specification

- Product Name: Polyester Fiber Acoustic Panel
- Material: 100% Polyester Fiber
- Standard Size: 1220*2440mm/customized
- Thickness: 9/12/15/18/24mm/customized
- Density: 1300g-3700gsm
- Color: More Than 48 Colors To Be Chosen
- Application: Office Building, Office, Meeting Room, Multi-Function Hall, Etc.
- Origin: China
- NRC: 0.85
- Transport Package: Carton Box, Pallet
- Function: Interior Decoration And Sound Absorbing
- Warranty: 5 Years
- Acoustic Type: Sound Absorbing Material
- Shape: Tegular, Square, Hexagon

Product Description

Products Description

Product Name	Polyester Fiber Acoustic Panel
Application	Walls, Ceilings
Material	100% Polyester Fiber
Thickness	9mm / 12mm / 15mm / 20mm
Color	more than 48 colors options (customizable upon request)
Size	1220*2440mm (custom sizes available)
Fire Rating	Class B
Eco-Certification	Meets E1 environmental standards, formaldehyde-free, odorless

Key Features & Benefits

Superior Noise Absorption

Made from high-density recycled polyester fiber, these acoustic panels effectively absorb mid-to-high-frequency sounds, reducing echoes, reverberation, and background noise. This ensures clearer speech intelligibility and a more focused meeting environment.

Eco-Friendly & Non-Toxic

Unlike traditional fiberglass or foam panels, our polyester fiber panels are 100% recyclable, formaldehyde-free, and odorless, making them a safe and sustainable choice for indoor spaces.

Lightweight & Easy to Install

With a lightweight design, these panels can be easily mounted on walls or ceilings using adhesive, clips, or suspension systems. Their slim profile blends seamlessly into modern office interiors without bulky installations.

Fire-Resistant & Durable

Certified with Class B1 fire resistance, these panels meet strict safety standards while maintaining long-term durability. They resist moisture, mold, and wear, ensuring long-lasting performance.

Customizable Design Options

Available in a variety of colors, thicknesses, and sizes, these panels can be tailored to match your corporate branding or interior aesthetics. Optional fabric wrapping allows for further customization.

Product Features

1/ Excellent sound absorbing performance:

The NRC can be 0.85 to 0.94

2/ Easy installation

To cut by knife and easy to install by glue or nail

3/ Good physical stability

Can meet ASTM E84-2016

4/ Various of Color for Option

Can easily realize the designer's inspiration

Applications

Installation Methods

Direct Adhesion: Eco-friendly glue for flat walls/ceilings.
Suspension Hooks: Hanging panels .
Modular Snap-in: Easy assembly/disassembly for maintenance.

About Us

Magic Cube (MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics & Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

In order to meet the higher needs of customers, we has introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we has an annual output of more than 500,000 square meters of various acoustic materials.

FAQ

1. Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a week to produce.

2. Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

3. How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings,

don't hesitate to send it to us.

4. Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.

For more information, please feel free to contact us.
