Product Description

Products Introduction

3D Acoustic Lamp

Transform any interior with our premium 100% polyester lamp shades, engineered to endure humidity and UV exposure while staying feather-light. The precision-knit micro-mesh fabric diffuses LED light into a warm, even glow—ideal for modern, farmhouse, or eclectic décor. Care is hassle-free: simply wipe clean or unzip covers for machine laundering. Available in a curated selection of fade-resistant hues and linen- or silk-inspired textures at competitive prices. Made from post-consumer recycled polyester, these shades unite eco-conscious innovation with refined elegance—perfect for homes, cafés, boutique hotels, and coworking spaces.

Authoritative Quality Inspection Report

Sound absorption and noise reduction stronger

The highest sound absorption coefficient (NRC) is above 0.87 in the range of 125~4000HZ noise

Sound-absorbing principle of sound-absorbing board

When sound waves enter the porous sound-absorbing material, due to the viscous resistance of the air, the vibration friction between the air and the hole wall. A considerable part of the sound energy is converted into heat energy and absorbed.

Why Choose To Join MQ

- ✓ We are the most innovative manufacturer in the industry in China.
- ✓ Our team of global professional engineers and consultants are highly qualified.
- ✓ We have over 10 years of experience in the field of sound-absorbing panels.
- ✓ We have 4 production lines and can deliver products within 7 days.

FAQ

1. Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a week to produce.

2. Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

3. How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings.

4. Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.

For more information, please feel free to contact us.
