

## Attractive Polyester Fiber Acoustic Panel for Modern and Stylish Acoustic Design

### Our Product Introduction

#### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MQ Acoustics
- Model Number: fiber acoustic panels
- Minimum Order Quantity: 100pcs
- Price: 15.9/pc 100-200 pcs
- Packaging Details: Carton Box, Pallet
- Delivery Time: 5-8 work day
- Payment Terms: T/T

#### Product Specification

- Product Name: PET Panel
- Material: 100% Polyester Fiber
- Standard Size: 1220\*2440mm/1200\*600mm/customized
- Thickness: 9/12/24mm/customized
- Density: 1300g-3700gsm
- Color: More Than 48 Colors To Be Chosen
- Application: Office Building, Office, Meeting Room, Multi-Function Hall, Etc.
- Origin: China
- NRC: 0.80-0.85
- Transport Package: Carton Box & Pallet
- Function: Interior Decoration And Sound Absorbing
- Warranty: 5 Years
- Acoustic Type: Sound Absorbing Material
- Shape: Hexagon

## Product Description

### Products Description

Polyester fiber sound-absorbing board is an indoor acoustic decorative material made of polyester fiber (PET) as the main raw material. It has the characteristics of sound absorption, noise reduction, environmental protection, and fire prevention. It is widely used in construction, decoration, audio-visual rooms, offices and other places.

Product Name	Polyester Fiber Acoustic Panel
Application	Walls, Ceilings
Material	100% Polyester Fiber
Thickness	9mm / 12mm / 24mm
Color	more than 48 colors options (customizable upon request)
Size	1220*2440mm / 1200*600mm(custom sizes available)
Fire Rating	Class B
Eco-Certification	Meets E1 environmental standards, formaldehyde-free, odorless

#### Key Features:

Sound absorption and noise reduction

The porous structure of interwoven fibers absorbs sound wave energy, effectively reduces echo and reverberation, and improves the indoor acoustic environment (significant sound absorption effect in mid- and high-frequency ranges).

Environmentally friendly and safe

Polyester fiber (recyclable material, such as recycled fiber from mineral water bottles) is used, free of formaldehyde, asbestos and other harmful substances, and meets environmental standards (such as E1 grade).

Lightweight and durable

Lightweight, impact-resistant, not easy to deform, and long service life.

Strong decorative effect

The surface can be treated in a variety of ways (spraying, laminating), with rich colors and textures, and supports customized patterns or shapes.

# Product Features

## 1/ Excellent sound absorbing performance:

The NRC can be 0.85 to 0.94

## 2/ Easy installation

To cut by knife and easy to install by glue or nail

## 3/ Good physical stability

Can meet ASTM E84-2016

## 4/ Various of Color for Option

Can easily realize the designer's inspiration

# Applications

## Installation Methods

Direct Adhesion: Eco-friendly glue for flat walls/ceilings.  
Suspension Hooks: Hanging panels .  
Modular Snap-in: Easy assembly/disassembly for maintenance.

# About Us

Magic Cube (MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics & Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

In order to meet the higher needs of customers, we has introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we has an annual output of more than 500,000 square meters of various acoustic materials.

## FAQ

---

### 1. Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a week to produce.

### 2. Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

### 3. How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings,

don't hesitate to send it to us.

### 4. Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.

For more information, please feel free to contact us.
