

Eco-Friendly Polyester Fiber Acoustic Panel for Sustainable Acoustic Solutions

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MQ Acoustics
- Model Number: fiber acoustic panels
- Minimum Order Quantity: 100pcs
- Price: 15.9/pc 100-200 pcs
- Packaging Details: Carton Box, Pallet
- Delivery Time: 5-8 work day
- Payment Terms: T/T

Product Specification

- Product Name: PET Panel
- Material: 100% Polyester Fiber
- Standard Size: 1220*2440mm/1200*600mm/customized
- Thickness: 9/12/24mm/customized
- Density: 1300g-3700gsm
- Color: More Than 48 Colors To Be Chosen
- Application: Office Building, Office, Meeting Room, Multi-Function Hall, Etc.
- Origin: China
- NRC: 0.80-0.85
- Transport Package: Carton Box & Pallet
- Function: Interior Decoration And Sound Absorbing
- Warranty: 5 Years
- Acoustic Type: Sound Absorbing Material
- Shape: Hexagon

Product Description

Products Description

Polyester fiber sound-absorbing board is an acoustic decorative board made of environmentally friendly polyester fiber as the core material. It can effectively absorb noise and optimize indoor sound quality. It is both beautiful and practical. It is widely used in various places that require noise reduction and acoustic optimization, such as conference rooms, audio-visual rooms, office spaces, etc.

| | |
|-------------------|---|
| Product Name | Polyester Fiber Acoustic Panel |
| Application | Walls, Ceilings |
| Material | 100% Polyester Fiber |
| Thickness | 9mm / 12mm / 24mm |
| Color | more than 48 colors options (customizable upon request) |
| Size | 1220*2440mm / 1200*600mm(custom sizes available) |
| Fire Rating | Class B |
| Eco-Certification | Meets E1 environmental standards, formaldehyde-free, odorless |

Core advantages

Efficient sound absorption - the porous structure can absorb medium and high frequency noise, reduce echo, and improve sound clarity.

Safe and environmentally friendly - no formaldehyde, no odor, in line with green building materials standards, suitable for home and public places.

Strong decorative - a variety of colors and textures are available, and patterns can be customized to meet the needs of different decoration styles.

Flexible installation - supports multiple methods such as pasting, hanging, and keel fixing to adapt to different construction conditions.

Durable and easy to maintain - moisture-proof and mildew-proof, daily cleaning only requires vacuuming or wiping with a damp cloth.

Applicable scenarios

Commercial space → conference room, cinema, restaurant, KTV

Public building → school, hospital, library, gymnasium

Home environment → home theater, bedroom, study, piano room

Industrial place → factory, machine room, workshop (reduce equipment noise)

Product Features

1/ Excellent sound absorbing performance:

The NRC can be 0.85 to 0.94

2/ Easy installation

To cut by knife and easy to install by glue or nail

3/ Good physical stability

Can meet ASTM E84-2016

4/ Various of Color for Option

Can easily realize the designer's inspiration

Applications

Installation Methods

Direct Adhesion: Eco-friendly glue for flat walls/ceilings.
Suspension Hooks: Hanging panels .
Modular Snap-in: Easy assembly/disassembly for maintenance.

About Us

Magic Cube (MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics & Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

In order to meet the higher needs of customers, we has introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we has an annual output of more than 500,000 square meters of various acoustic materials.

FAQ

1. Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a week to produce.

2. Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

3. How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings,

don't hesitate to send it to us.

4. Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.

For more information, please feel free to contact us.
