

High Sound Absorption Performance Akupanel Polyester Fiber Acoustic Panel

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MQ Acoustics
- Model Number: fiber acoustic panels
- Minimum Order Quantity: 100pcs
- Price: 15.9/pc 100-200 pcs
- Packaging Details: Carton Box, Pallet
- Delivery Time: 5-8 work day
- Payment Terms: T/T

Product Specification

- Product Name: PET Panel
- Material: 100% Polyester Fiber
- Standard Size: 1220*2440mm/1200*600mm/customized
- Thickness: 9/12/24mm/customized
- Density: 1300g-3700gsm
- Color: More Than 48 Colors To Be Chosen
- Application: Office Building, Office, Meeting Room, Multi-Function Hall, Etc.
- Origin: China
- NRC: 0.80-0.85
- Transport Package: Carton Box & Pallet
- Function: Interior Decoration And Sound Absorbing
- Warranty: 5 Years
- Acoustic Type: Sound Absorbing Material
- Shape: Hexagon

Product Description

Products Description

The **Polyester Fiber Acoustic Panel** is an advanced sound-absorbing solution designed to enhance acoustic performance in various indoor spaces. Made from high-quality polyester fiber, this panel effectively reduces noise reflections, controls reverberation, and improves sound clarity, making it ideal for offices, studios, conference rooms, schools, and residential areas.

Product Name	Polyester Fiber Acoustic Panel
Application	Walls, Ceilings
Material	100% Polyester Fiber
Thickness	9mm / 12mm / 24mm
Color	more than 48 colors options (customizable upon request)
Size	1220*2440mm / 1200*600mm(custom sizes available)
Fire Rating	Class B
Eco-Certification	Meets E1 environmental standards, formaldehyde-free, odorless

Key Features

Excellent Sound Absorption – Effectively absorbs mid-to-high-frequency noise, reducing echo and improving speech intelligibility.

Eco-Friendly Material – Made from non-toxic, recyclable polyester fiber, free from harmful substances like formaldehyde.

Aesthetic & Customizable – Available in various colors, sizes, and thicknesses to match interior design needs.

Lightweight & Easy to Install – Simple mounting options (adhesive, clips, or suspension) for walls or ceilings.

Flame Retardant – Meets fire safety standards for added protection.

Durable & Low Maintenance – Resistant to moisture, mold, and wear, ensuring long-lasting performance.

Applications

Offices & Meeting Rooms – Enhances focus by reducing background noise.

Home Theaters & Studios – Improves sound quality by minimizing echoes.

Educational Institutions – Creates better learning environments with clear acoustics.

Restaurants & Hotels – Enhances comfort by lowering ambient noise.

Public Spaces – Ideal for auditoriums, lobbies, and gymnasiums.

Product Features

1/ Excellent sound absorbing performance:
The NRC can be 0.85 to 0.94

2/ Easy installation
To cut by knife and easy to install by glue or nail

3/ Good physical stability
Can meet ASTM E84-2016

4/ Various of Color for Option
Can easily realize the designer's inspiration

Applications

Installation Methods

Direct Adhesion: Eco-friendly glue for flat walls/ceilings.
Suspension Hooks: Hanging panels .
Modular Snap-in: Easy assembly/disassembly for maintenance.

About Us

Magic Cube (MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics & Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

In order to meet the higher needs of customers, we has introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we has an annual output of more than 500,000 square meters of various acoustic materials.

FAQ

1. Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a week to produce.

2. Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

3. How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings,

don't hesitate to send it to us.

4. Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.

For more information, please feel free to contact us.
