

Interior Wall Covering Polyester Sound Absorbing Panels Grooving Polyester Wall Panels

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MQ Acoustics
- Model Number: fiber acoustic panels
- Minimum Order Quantity: 100pcs
- Price: 0.8usd/pc 100-200 pcs
- Packaging Details: Carton Box, Pallet
- Delivery Time: 5-8 working day
- Payment Terms: T/T

Product Specification

- Material: 100% Polyester Fiber
- Size: 4*8'/customized
- Thickness: 9mm/12mm/24mm/customized
- Design: Plain/grooving
- Color: More Than 48 Colors To Be Chosen
- Application: Home, Office, Meeting Room Etc.
- Feature: Highly Effective Sound Absorption, Decoration, Eco-friendly
- Origin: China
- NRC: 0.80-0.85
- Transport Package: Carton Box & Pallet
- Function: Interior Decoration And Sound Absorbing
- Warranty: 1 Year
- Highlight: polyester sound absorbing panels, grooving polyester wall panels, interior wall covering acoustic panels

Product Description

Product Description

Our Polyester Fiber Sound Absorbing Panels are high-performance acoustic solutions made from 100% eco-friendly polyester fiber. Utilizing advanced thermal compression molding technology, these panels effectively control noise and eliminate reverberation. They are the ideal choice for creating acoustically comfortable, aesthetically pleasing, and healthy environments in offices, homes, studios, schools, and commercial spaces.

Product Name	Polyester Fiber Acoustic Panel
Application	Home, Office, Meeting Room etc.
Material	100% Polyester Fiber
Thickness	9mm / 12mm /15mm/ 24mm
Color	more than 48 colors options (customizable upon request)
Size	1220*2440mm (custom sizes available)
Eco-Certification	Meets E1 environmental standards, formaldehyde-free, odorless

Key Features & Benefits

Superior Sound Absorption: The porous, three-dimensional internal structure efficiently traps sound waves across a wide frequency range, significantly reducing mid-to-high-frequency noise (such as speech, phone rings, and equipment hum) and minimizing echo.

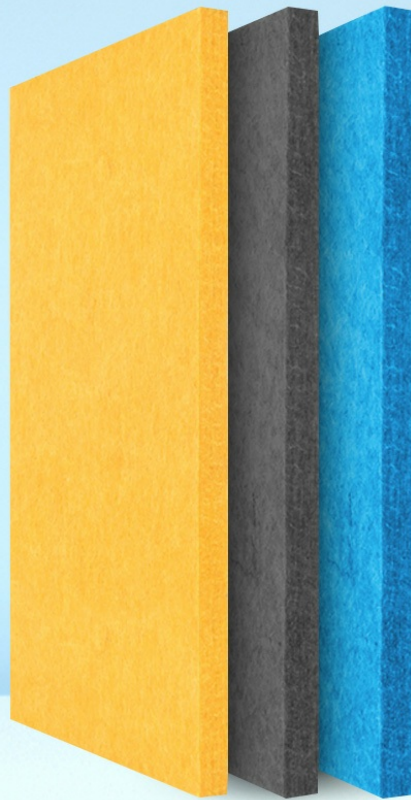

Eco-Friendly & Non-Irritating: Made from non-toxic, odorless polyester fiber, they are completely safe for installation in sensitive environments like bedrooms, schools. They contain no harmful substances like formaldehyde.

Lightweight & Easy to Install: The panels are remarkably lightweight, simplifying handling and installation. They can be easily installed using strong adhesives, reducing labor time and costs.

Durable & Maintenance-Friendly: Resistant to cracking and sagging, these panels maintain their shape and performance over time.

Product Features

1/ Excellent sound absorbing performance:
The NRC can be 0.85 to 0.94

2/ Easy installation
To cut by knife and easy to install by glue or nail

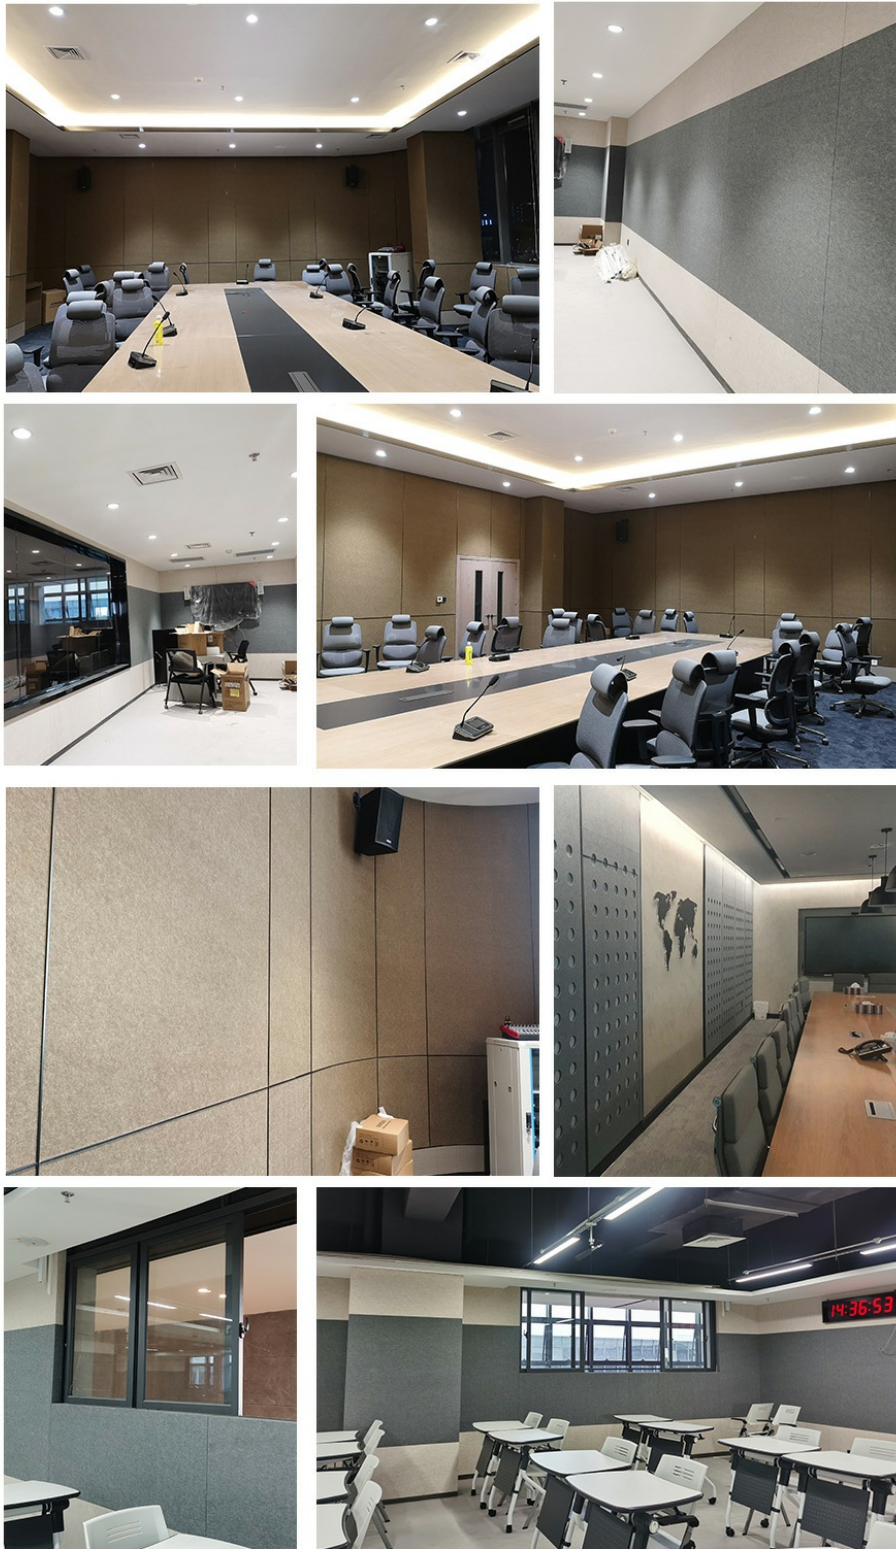

3/ Good physical stability
Can meet ASTM E84-2016

4/ Various of Color for Option
Can easily realize the designer's inspiration

Applications

Installation Methods

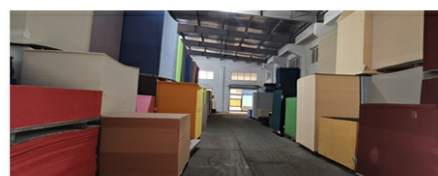

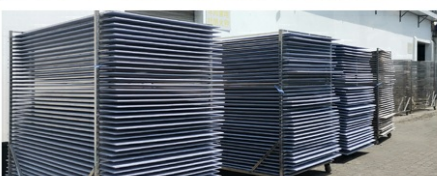

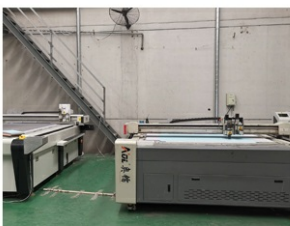

Direct Adhesion: Eco-friendly glue for flat walls/ceilings.
Suspension Hooks: Hanging panels .
Modular Snap-in: Easy assembly/disassembly for maintenance.

About Us

Magic Cube (MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics & Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

In order to meet the higher needs of customers, we has introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we has an annual output of more than 500,000 square meters of various acoustic materials.

FAQ

1. Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a week to produce.

2. Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

3. How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings,

don't hesitate to send it to us.

4. Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.

For more information, please feel free to contact us.
