

Eco-friendly Ceiling Acoustic PET Panel for Noise Reduction and Sound Absorption

Our Product Introduction

for more products please visit us on acousticpanelwalls.com

Basic Information

- Place of Origin: China
- Brand Name: MQ Acoustics
- Certification: CE, ASTM, ISO
- Model Number: PET Acoustic Ceiling Panels
- Minimum Order Quantity: 100pcs
- Packaging Details: Carton Box, Pallet
- Delivery Time: 7-14 working day
- Payment Terms: T/T

Product Specification

- Material: 100% Polyester Fiber
- Length: 1200mm/2400mm
- Panel Height: 200mm/250mm
- Thickness: 9/12/24mm/customized
- Color: More Than 48 Colors To Be Chosen
- Application: Office Building, Office, Meeting Room, Multi-Function Hall, Etc.
- Origin: China
- NRC: 0.80-0.85
- Transport Package: Carton Box & Pallet
- Function: Interior Decoration And Sound Absorbing
- Warranty: 1 Year
- Highlight: Eco-friendly ceiling acoustic PET panel,
Noise reduction acoustic ceiling panel,
Sound absorbing PET ceiling panel

Products Description

As a distributor or contractor, you need building products that combine performance, reliability, and market appeal. Our eco-friendly ceiling acoustic PET panels deliver exactly that. Sourced from 100% post-consumer recycled plastics, these panels offer superior noise reduction, meet stringent green building standards, and provide a competitive edge in the growing market for sustainable interiors.

H2: Why Source Our PET Acoustic Panels for Your Projects?

Proven Performance: Effectively manage acoustics in offices, schools, and healthcare facilities with high NRC ratings.
Strong Sustainability Story: Help your clients achieve LEED, WELL, and BREEAM credits with panels made from recycled PET.
Easy Installation & Logistics: Lightweight panels reduce shipping costs and simplify installation on-site, saving time and labor.
Durable & Low Maintenance: Resistant to moisture and microbes, ensuring long-term customer satisfaction with minimal callbacks.

Product Name	Polyester Fiber Acoustic Panel
Application	Ceilings Panel
Material	100% Polyester Fiber
Thickness	9mm / 12mm / 24mm / Customized
Color	more than 48 colors options (customizable upon request)
Fire Rating	Class B
Eco-Certification	Meets E1 environmental standards, formaldehyde-free, odorless

Our PET acoustic panels are specified for a wide range of commercial and public projects, creating diverse opportunities for you:

- Commercial Offices & Coworking Spaces
- Educational Institutions (Classrooms, Libraries)
- Hospitality & Retail (Hotels, Restaurants, Stores)
- Public Zones (Airports, Museums, Theaters)

Product Features

1/ Excellent sound absorbing performance:

The NRC can be 0.85 to 0.94

2/ Easy installation

To cut by knife and easy to install by glue or nail

3/ Good physical stability

Can meet ASTM E84-2016

4/ Various of Color for Option

Can easily realize the designer's inspiration

Applications

Installation Methods

Direct Adhesion: Eco-friendly glue for flat walls/ceilings.
Suspension Hooks: Hanging panels .
Modular Snap-in: Easy assembly/disassembly for maintenance.

About Us

Magic Cube (MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics & Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

In order to meet the higher needs of customers, we has introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we has an annual output of more than 500,000 square meters of various acoustic materials.

FAQ

1. Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a week to produce.

2. Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

3. How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings,

don't hesitate to send it to us.

4. Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.

For more information, please feel free to contact us.
