

Wood-grain imitation soundproofing panels acoustical PET soundproofing panel acoustic board wall panel

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MQ Acoustics
- Certification: CE
- Model Number: fiber acoustic panels
- Minimum Order Quantity: 100pcs
- Price: 7.5usd/piece 50-499pieces
- Packaging Details: Carton Box, Pallet
- Delivery Time: 15 work day
- Payment Terms: T/T, L/C, D/A, D/P, Western Union, MoneyGram
- Supply Ability: 2000

Product Specification

- Material: 100% Polyester Fiber
- Thickness: 9/12/24mm/customized
- Density: 1200g-3700g/
- Application: Office Building, Office, Meeting Room, Multi-Function Hall, Etc.
- Origin: China
- NRC: 0.80-0.85
- Edge: Square Or Beveled
- Standard Size: 600*600mm/customized
- Highlight: **wood-grain soundproofing panels, PET acoustic wall panels, polyester fiber soundproofing board**

Product Description

Products Description

Product Name	Polyester Fiber Acoustic Panel
Application	Walls, Ceilings
Material	100% Polyester Fiber
Thickness	9mm / 12mm / 24mm
Color	more than 48 colors options (customizable upon request)
Size	1220*2440mm / 1200*600mm(custom sizes available)
Fire Rating	Class B
Eco-Certification	Meets E1 environmental standards, formaldehyde-free, odorless

Acoustic Performance Collection

Integrating top-tier polyester fiber composites, our panels supply steady 0.85 NRC performance through innovative material science.

Technical Edge

Nano-textured surface optimizes 0.90cm sound diffusion
Precision-machined molds achieve ± 0.12 mm dimensional perfection
Fine-tuned 12kg/m³ density secures excellent acoustic dampening

Architectural Compatibility

TexturePure printing replicates authentic material looks
Modular sizes from 24x48 to 96x48 inches
Professional-grade builds in 28/38/58mm options
Industry certified with performance verification documents

The fabrication system ensures total material homogeneity for specialized applications. Sustaining 22.1 lbs/sq ft, these panels deliver remarkable stability in adverse environmental scenarios.

Product Features

1/ Excellent sound absorbing performance:

The NRC can be 0.85 to 0.94

2/ Easy installation

To cut by knife and easy to install by glue or nail

3/ Good physical stability

Can meet ASTM E84-2016

4/ Various of Color for Option

Can easily realize the designer's inspiration

Applications

Installation Methods

Direct Adhesion: Eco-friendly glue for flat walls/ceilings.
Suspension Hooks: Hanging panels .
Modular Snap-in: Easy assembly/disassembly for maintenance.

About Us

Magic Cube (MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics & Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

In order to meet the higher needs of customers, we has introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we has an annual output of more than 500,000 square meters of various acoustic materials.

FAQ

1. Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a week to produce.

2. Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

3. How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings,

don't hesitate to send it to us.

4. Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.

For more information, please feel free to contact us.
