

wooden slat acoustic wall panels acoustic timber paneling natural oak wall panels mdf acoustic wall panels

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MQ
- Certification: GRS
- Model Number: MQ
- Minimum Order Quantity: 50 pieces
- Price: 19usd/pieces 50-499 pieces

Product Specification

- Warranty: 1 Years
- After-sale Service: Online Technical Support, Onsite Training, Return And Replacement
- Project Solution Capability: Graphic Design, 3D Model Design, Total Solution For Projects
- Application: Indoor Bedroom
- Design Style: Modern
- Function: Sound Absorbing
- Material: Polyester Fiber + MDF
- Packing: Carton
- MOQ: 50pcs
- Standard Size: 1220*2440mm
- Type: Acoustic Panels
- Highlight: **wooden slat acoustic wall panels, natural oak acoustic timber paneling, MDF acoustic wall panels with warranty**

Product Description

Products Introduction

The Soundproof Wood Slat Wall Panel is a high-end acoustic wall covering specifically engineered for conference rooms. It combines outstanding noise-insulating performance with a sleek, minimalist style, effectively enhancing both the acoustic quality of the space and its overall visual appeal. Manufactured from top-quality black wood materials and boasting an exclusive slatted structure, this wall panel blends functionality and style, rendering it a perfect selection for commercial areas, meeting rooms, offices, and other similar spaces.

Name	Wood Slat Acoustic Panel
Basic Material	polyester fiber acoustic panel+MDF pane
Finish	wood veneer/ PVC/ melamine
Size	60*240/270/300cm
Color	oak / walnut / tesk / black / gray oak
Features	sound absorption, light weight, easy installation

Key Features:

- Outstanding Noise-Insulating Performance

This wall panel employs cutting-edge acoustic techniques to efficiently absorb and block noise, lessening sound reverberations and echoes. It guarantees smooth, unbroken communication during meetings by decreasing both internal and external noise disruptions.

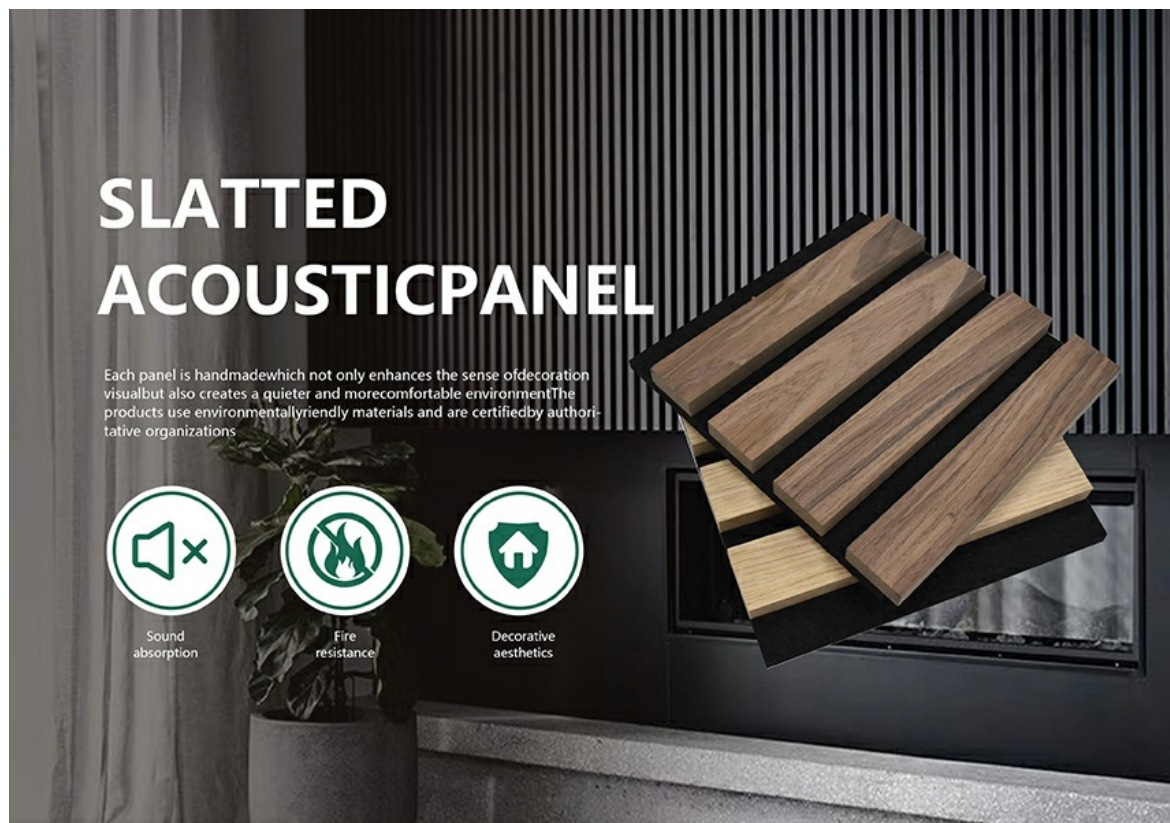

- Top-Quality Wood Structure

Crafted from high-grade black wood, the panel showcases a finely polished surface that highlights natural wood patterns and a matte finish, radiating a sense of subtle elegance. Its classic black design blends with modern office interiors, enhancing the overall atmosphere of the space.

- Slatted Panel Structure

The exclusive slatted structure not only adds depth and dimension to the wall but also improves acoustic functionality. The slats help scatter sound waves, reducing focused sound reflections while infusing the room with a touch of modern artistic charm.

Hotel lobby, corridor, room decoration,
conference halls,schools, recording rooms,studios, residences,
shopping malls, office space etc.

Installation Steps

1 Measure the size of the installation location

2 Measure panel size

3 Cut to appropriate size

4 Distribute the glue evenly on the back of the panel

5 Use screws to install the sound-absorbing panels on the wall

6 Complete the installation

Company Profile

About the Company

Magic Cube(MQ)Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics&Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

The exhibition hall

In order to meet the higher needs of customers, we have introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we have an annual output of more than 500,000 square meters of various acoustic materials.

Team Activity

Package&Transport

1. Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a week to produce.

2. Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

3. How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings.

4. Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.

For more information, please feel free to contact us.
