Product Description

Products Introduction

The Sound-Dampening Wood Slat Wall Covering is a premium acoustic wall panel engineered specifically for conference rooms. It merges excellent sound-blocking capabilities with a sleek, minimalist style, effectively upgrading both the acoustic environment of the space and its overall visual allure. Fabricated from high-grade black wood materials and featuring an exclusive slatted layout, this wall panel is both practical and elegant, rendering it an ideal option for business premises, conference halls, offices, and beyond.

Name	Wood Slat Acoustic Panel
Basic Material	polyester fiber acoustic panel+MDF pane
Finish	wood veneer/ PVC/ melamine
Size	60*240/270/300cm
Color	oak / walnut / tesk / black / gray oak
Featrues	sound absorption, light weight, easy installation

Key Features:

- Excellent Sound-Blocking Capabilities

This wall panel utilizes cutting-edge acoustic techniques to effectively absorb and obstruct noise, lowering sound reflections and echoes. It guarantees smooth, undisturbed dialogue during meetings by decreasing both internal and external noise interference.

- High-Grade Wood Layout

Crafted from top-tier black wood, the panel showcases a meticulously polished surface that highlights natural wood patterns and a soft matte finish, radiating a sense of understated sophistication. Its classic black design harmonizes with modern office interiors, enhancing the overall mood of the space.

- Exclusive Slatted Layout

The unique slatted layout not only adds depth and dimension to the wall but also improves acoustic functionality. The slats aid in scattering sound waves, reducing focused sound reflections while adding a hint of modern artistic flair to the room.

6 Complete the installation

Company Profile

About the Company

Magic Cube(MQ)Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics&Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

The exhibition hall

In order to meet the higher needs of customers, we have introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we have an annual output of more than 500,000 square meters of various acoustic materials.

Team Activity

Package&Transport

1. Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a week to produce.

2. Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

3. How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings.

4. Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.

For more information, please feel free to contact us.
