

Noise-Reducing Polyester Fiber Acoustic Ceiling Panels Recycled PET Felt Ceiling Tiles

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: MQ Acoustics
- Certification: CE, ASTM, ISO
- Model Number: PET Acoustic Ceiling Panels
- Minimum Order Quantity: 100pcs
- Packaging Details: Carton Box, Pallet
- Delivery Time: 7-14 working day
- Payment Terms: T/T

Product Specification

- Material: 100% Polyester Fiber
- Length: 1200mm/2400mm/customized
- Panel Height: 200mm/250mm/customized
- Thickness: 9/12/15/24mm/customized
- Color: More Than 48 Colors To Be Chosen
- Application: Office Building, Office, Meeting Room, Multi-Function Hall, Etc.
- Origin: China
- NRC: 0.80-0.85
- Transport Package: Carton Box & Pallet
- Function: Interior Decoration And Sound Absorbing
- Warranty: 1 Year
- Highlight: Noise-reducing polyester ceiling panels, Recycled PET felt ceiling tiles, Acoustic ceiling panels with warranty

Product Description

Products Description

Introducing a new paradigm in interior acoustics. Our PET Felt Ceiling Panels redefine the ceiling plane, transforming it from a passive surface into an active, tactile element that shapes sound, sight, and soul.

Product Name	Polyester Fiber Acoustic Panel
Application	Ceilings Panel
Material	100% Polyester Fiber
Thickness	9mm / 12mm / 24mm / Customized
Color	more than 48 colors options (customizable upon request)
Fire Rating	Class B
Eco-Certification	Meets E1 environmental standards, formaldehyde-free, odorless

Crafted from Unlikely Origins

We begin with post-consumer PET, giving discarded material a new, purposeful life. Through an advanced manufacturing process, it is reborn as a dense, non-woven felt—a material celebrated for its inherent acoustic integrity and soft, monolithic beauty.

Sculpting Sound, Defining Space

Beyond mere noise reduction, these panels perform an artful curation of your environment's aural character. They mitigate disruptive reverberation and clarify speech, fostering spaces that are intimately connected to their purpose—be it dynamic collaboration, deep focus, or serene relaxation.

A Design-Conscious Palette

Available in an extensive range of curated colors, from timeless neutrals to bold contemporary hues, the panels offer unparalleled design flexibility. Their seamless, textile-rich finish integrates effortlessly into any design language, adding a layer of sophistication and warmth that standard acoustic solutions lack.

Product Features

1/ Excellent sound absorbing performance:
The NRC can be 0.85 to 0.94

2/ Easy installation
To cut by knife and easy to install by glue or nail

3/ Good physical stability
Can meet ASTM E84-2016

4/ Various of Color for Option
Can easily realize the designer's inspiration

Applications

Installation Methods

Direct Adhesion: Eco-friendly glue for flat walls/ceilings.
Suspension Hooks: Hanging panels .
Modular Snap-in: Easy assembly/disassembly for maintenance.

About Us

Magic Cube (MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics & Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

In order to meet the higher needs of customers, we has introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we has an annual output of more than 500,000 square meters of various acoustic materials.

FAQ

1. Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a week to produce.

2. Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

3. How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings,

don't hesitate to send it to us.

4. Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.

For more information, please feel free to contact us.
