

Polyester Fiber Acoustic Panels best soundproof panels for walls decorative acoustic panels home theater

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MQ Acoustics
- Certification: CE
- Model Number: fiber acoustic panels
- Minimum Order Quantity: 100pcs
- Price: 4.29usd - 5usd
- Packaging Details: Carton Box, Pallet
- Delivery Time: 15 work day
- Payment Terms: T/T, L/C, D/A, D/P, Western Union, MoneyGram
- Supply Ability: 2000

Product Specification

- Material: 100% Polyester Fiber
- Thickness: 9/12/24mm/customized
- Density: 1200g-3700g/
- Application: Office Building, Office, Meeting Room, Multi-Function Hall, Etc.
- Origin: China
- NRC: 0.80-0.85
- Warranty: 1 Year
- Standard Size: 1220*2440mm/1200*600mm/customized
- Color: More Than 48 Colors To Be Chosen

Product Description

Polyester Fiber Acoustic Panel

Product Specifications

Product Name	Polyester Fiber Acoustic Panel
Application	Walls, Ceilings
Material	100% Polyester Fiber
Thickness	9mm / 12mm / 24mm
Color	More than 48 colors options (customizable upon request)
Size	1220*2440mm / 1200*600mm (custom sizes available)
Fire Rating	Class B
Eco-Certification	Meets E1 environmental standards, formaldehyde-free, odorless

Superior-Grade Acoustic Functionality Range

Through the adoption of premium polyester fiber composites, our panels offer consistent 0.85 NRC performance using advanced material technology.

Technical Superiority

Nano-patterned surface maximizes 0.90cm sound dispersion

Precision-designed molds achieve ±0.12mm dimensional perfection

Optimized 12kg/m³ density guarantees superior acoustic absorption capacity

Architectural Integration

TexturePure printing captures real material aesthetics

Modular dimensions covering 24x48 to 96x48 inches

Industrial-grade structures in 28/38/58mm specs

Industry certified with performance validation records

The manufacturing system secures full material uniformity for specialized uses. Maintaining 22.1 lbs/sq ft, these panels offer outstanding stability in challenging environmental scenarios.

Product Features

1/ Excellent sound absorbing performance:
The NRC can be 0.85 to 0.94

2/ Easy installation
To cut by knife and easy to install by glue or nail

3/ Good physical stability
Can meet ASTM E84-2016

4/ Various of Color for Option
Can easily realize the designer's inspiration

Applications

Installation Methods

Direct Adhesion: Eco-friendly glue for flat walls/ceilings

Suspension Hooks: Hanging panels

Company Profile

About Us

Magic Cube (MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics & Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

In order to meet the higher needs of customers, we has introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we has an annual output of more than 500,000 square meters of various acoustic materials.

Frequently Asked Questions

Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a week to produce.

Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings, don't hesitate to send it to us.

Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.

For more information, please feel free to contact us.
