

Durable Polyester Fiber Acoustic Wall Panels With Easy Installation Process PET Felt

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MQ Acoustics
- Minimum Order Quantity: 100pcs
- Price: 15.9/pc 100-200 pcs
- Packaging Details: Carton Box, Pallet
- Delivery Time: 5-8 work day
- Payment Terms: T/T

Product Specification

- Product Name: Polyester Fiber Acoustic Board
- Material: 100% Polyester Fiber
- Standard Size: 1220*2440mm/customized
- Thickness: 9/12/24mm/customized
- Density: 1350g-3700gsm
- Color: More Than 48 Colors To Be Chosen
- Application: Office Building, Office, Meeting Room, Multi-Function Hall, Etc.
- Origin: China
- NRC: 0.80-0.9
- Transport Package: Carton Box & Pallet
- Function: Interior Decoration And Sound Absorbing
- Warranty: 3 Years
- Acoustic Type: Sound Absorbing Material
- Shape: Hexagon

Product Introduction

Elevate your space with superior sound control and modern design. Our PET Felt Acoustic Wall Panels are engineered from high-density, recycled polyester fiber, offering an exceptional blend of durability, eco-consciousness, and outstanding acoustic performance. Designed for simplicity, they integrate seamlessly into offices, studios, schools, restaurants, and any environment where noise reduction and aesthetic appeal are paramount.

Product Name	Polyester Fiber Acoustic Panel
Application	Walls, Ceilings
Material	100% Polyester Fiber
Thickness	9mm / 12mm / 24mm
Color	more than 48 colors options (customizable upon request)
Size	1220*2440mm / 1200*600mm(custom sizes available)
Fire Rating	Class B
Eco-Certification	Meets E1 environmental standards, formaldehyde-free, odorless

Key Features & Benefits:

- Exceptional Durability & Eco-Friendly:** Crafted from 100% recycled PET fibers, these panels are not only tough, resistant to wear, and moisture-resistant but also contribute to a sustainable future. They are non-toxic, allergen-free, and easy to clean.
- Superior Acoustic Performance:** Effectively absorb unwanted noise, echo, and reverberation, significantly improving speech clarity and creating a more productive, comfortable, and peaceful atmosphere.
- Effortless Installation Process:** Designed with the user in mind. The lightweight panels can be easily installed using adhesive glue, double-sided tape, or a simple mounting system, ensuring a hassle-free setup without the need for specialized tools or professional help.
- Modern Aesthetic & Design Versatility:** Available in a wide range of colors, thicknesses, and custom sizes. The textured felt surface provides a sophisticated, contemporary look that complements any interior design style.
- Safety & Maintenance:** Compliant with fire-retardant standards. The panels are easy to maintain, requiring only occasional vacuuming or spot cleaning.

Product Features

1/ Excellent sound absorbing performance:

The NRC can be 0.85 to 0.94

2/ Easy installation

To cut by knife and easy to install by glue or nail

3/ Good physical stability

Can meet ASTM E84-2016

4/ Various of Color for Option

Can easily realize the designer's inspiration

Company Profile

About Us

Magic Cube (MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics & Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

In order to meet the higher needs of customers, we has introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we has an annual output of more than 500,000 square meters of

various acoustic materials.

FAQ

1. Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a

week to produce.

2. Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

3. How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings,

don't hesitate to send it to us.

4. Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.

For more information, please feel free to contact us.
