

Sound Absorbing Polyester Fiber Wall Panels Studio Acoustic Treatment Tiles PET Felt

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MQ Acoustics
- Minimum Order Quantity: 100pcs
- Price: 15.9/pc 100-200 pcs
- Packaging Details: Carton Box, Pallet
- Delivery Time: 5-8 work day
- Payment Terms: T/T

Product Specification

- Product Name: Polyester Fiber Acoustic Board
- Material: 100% Polyester Fiber
- Standard Size: 1220*2440mm/customized
- Thickness: 9/12/24mm/customized
- Density: 1350g-3700gsm
- Color: More Than 48 Colors To Be Chosen
- Application: Office Building, Office, Meeting Room, Multi-Function Hall, Etc.
- Origin: China
- NRC: 0.80-0.9
- Transport Package: Carton Box & Pallet
- Function: Interior Decoration And Sound Absorbing
- Warranty: 3 Years
- Acoustic Type: Sound Absorbing Material
- Shape: Hexagon

Product Introduction

Sound absorbing polyester fiber wall panels can transform chaotic, echo-filled rooms into acoustically optimized environments. More than just soundproofing, they are the essential tool for sound control.

Product Name	Polyester Fiber Acoustic Panel
Application	Walls, Ceilings
Material	100% Polyester Fiber
Thickness	9mm / 12mm / 24mm
Color	more than 48 colors options (customizable upon request)
Size	1220*2440mm / 1200*600mm(custom sizes available)
Fire Rating	Class B
Eco-Certification	Meets E1 environmental standards, formaldehyde-free, odorless

Why Polyester Fiber is the Modern Choice:

Health & Safety First: Non-toxic, allergen-free, and without airborne irritants. They are completely safe for homes, schools, and healthcare-sensitive environments.

Eco-Conscious Construction: Often manufactured from recycled PET plastics (like water bottles), they are a sustainable choice that doesn't compromise performance.

Inherent Durability: Resistant to moisture and humidity, they will not warp, sag, or support mold growth, ensuring long-term performance and value.

Exceptional Design Flexibility: Available in a spectrum of colors, textures (from sleek fabrics to tactile felts), and customizable shapes. They integrate into your decor as functional art.

Product Features

1/ **Excellent sound absorbing performance:**
The NRC can be 0.85 to 0.94

2/ **Easy installation**
To cut by knife and easy to install by glue or nail

3/ **Good physical stability**
Can meet ASTM E84-2016

4/ **Various of Color for Option**
Can easily realize the designer's inspiration

Company Profile

About Us

Magic Cube (MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics & Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

In order to meet the higher needs of customers, we has introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we has an annual output of more than 500,000 square meters of

various acoustic materials.

FAQ

1. Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a

week to produce.

2. Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

3. How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings,

don't hesitate to send it to us.

4. Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.

For more information, please feel free to contact us.
