

High-Density Polyester Fiber Acoustic Panels Fire-Retardant Board for Wall Soundproofing

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MQ Acoustics
- Minimum Order Quantity: 100pcs
- Price: 15.9/pc 100-200 pcs
- Packaging Details: Carton Box, Pallet
- Delivery Time: 5-8 work day
- Payment Terms: T/T

Product Specification

- Product Name: Polyester Fiber Acoustic Board
- Material: 100% Polyester Fiber
- Standard Size: 1220*2440mm/customized
- Thickness: 9/12/24mm/customized
- Density: 1350g-3700gsm
- Color: More Than 48 Colors To Be Chosen
- Application: Office Building, Office, Meeting Room, Multi-Function Hall, Etc.
- Origin: China
- NRC: 0.80-0.9
- Transport Package: Carton Box & Pallet
- Function: Interior Decoration And Sound Absorbing
- Warranty: 3 Years
- Acoustic Type: Sound Absorbing Material
- Shape: Hexagon

Product Description

Product Introduction

High-Density Polyester Fiber Acoustic Panels are engineered for superior sound absorption and durability in demanding environments. Made from compressed, high-mass polyester fibers, these panels deliver maximum noise reduction, structural rigidity, and long-lasting performance for walls and ceilings.

Product Name	Polyester Fiber Acoustic Panel
Application	Walls, Ceilings
Material	100% Polyester Fiber
Thickness	9mm / 12mm / 24mm
Color	more than 48 colors options (customizable upon request)
Size	1220*2440mm / 1200*600mm(custom sizes available)
Fire Rating	Class B
Eco-Certification	Meets E1 environmental standards, formaldehyde-free, odorless

Key Features

Premium Sound Control: Exceptional NRC ratings up to 0.95 for high-performance absorption across all frequencies
Enhanced Durability: High-density construction resists denting, sagging, and compression over time

Technical Advantages

Higher density (60-120 kg/m³) for improved low-frequency absorption
Excellent impact resistance for high-traffic zones
Maintains acoustic properties in variable temperatures and humidity

Ideal Applications

Recording studios & broadcast facilities
Auditoriums & concert halls
Gymnasiums & sports arenas
High-end corporate offices & boardrooms

Product Features

1/ **Excellent sound absorbing performance:**
The NRC can be 0.85 to 0.94

2/ **Easy installation:**
To cut by knife and easy to install by glue or nail

3/ **Good physical stability:**
Can meet ASTM E84-2016

4/ **Various of Color for Option:**
Can easily realize the designer's inspiration

Company Profile

About Us

Magic Cube (MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics & Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

In order to meet the higher needs of customers, we has introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we has an annual output of more than 500,000 square meters of

FAQ

1. Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a

week to produce.

2. Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

3. How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings,

don't hesitate to send it to us.

4. Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.

For more information, please feel free to contact us.
