

Fire Resistant Polyester Fiber Acoustic Panel Fade Proof for Sunlit Wall Areas

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: MQ Acoustics
- Certification: CE, ASTM, ISO
- Minimum Order Quantity: 100pcs
- Price: 15.9/pc 100-200 pcs
- Packaging Details: Carton Box, Pallet
- Delivery Time: 5-8 work day
- Payment Terms: T/T

Product Specification

- Product Name: PET Acoustic Felt
- Material: 100% Polyester Fiber
- Size: 600*600mm/600*1200mm/1220*2440mm/cus
- Thickness: 9/12/15/24mm/customized
- Density: 1350g-4000gsm
- Color: More Than 48 Colors To Be Chosen
- Application: Office Building, Office, Meeting Room, Multi-Function Hall, Etc.
- Origin: China
- NRC: 0.80-0.9
- Transport Package: Carton Box & Pallet
- Function: Interior Decoration And Sound Absorbing
- Warranty: 3 Years
- Acoustic Type: Sound Absorbing Material
- Installation Method: Adhesive, Suspended, Or Direct Mount

Product Description

Product Introduction

Polyester fiber acoustic panels are a contemporary, eco-friendly, and highly effective solution for managing sound quality in interior spaces. Made primarily from recycled PET (polyethylene terephthalate) materials (like plastic bottles), they transform waste into high-performance, non-toxic sound-absorbing products.

Product Name	Polyester Fiber Acoustic Panel
Application	Walls, Ceilings
Material	100% Polyester Fiber
Thickness	9mm / 12mm / 24mm
Color	more than 48 colors options (customizable upon request)
Size	1220*2440mm / 1200*600mm(custom sizes available)
Fire Rating	Class B
Eco-Certification	Meets E1 environmental standards, formaldehyde-free, odorless

Core Features & Benefits

Exceptional Sound Absorption: Effectively absorbs mid-to-high frequency sounds (like speech, office noise, clattering), significantly reducing reverberation, echo, and background noise. This improves speech clarity and overall acoustic comfort.

Eco-Friendly & Safe: Made from 100% recyclable PET polyester fiber. They are formaldehyde-free, non-toxic, odorless, and resistant to mold and moisture, contributing to healthier indoor air quality.

Aesthetic Flexibility: Available in a vast range of colors, textures, and custom prints. They can be seamlessly integrated into any interior design—from minimalist offices to vibrant schools or stylish restaurants.

Easy Installation & Maintenance: Lightweight and can be installed with adhesive, screws, or impaling clips on walls and ceilings. They are durable and easy to clean with a vacuum or damp cloth.

Excellent Thermal Insulation: The dense fiber structure provides additional thermal insulation properties, contributing to energy efficiency.

Product Features

1/ **Excellent sound absorbing performance:**
The NRC can be 0.85 to 0.94

2/ **Easy installation:**
To cut by knife and easy to install by glue or nail

3/ **Good physical stability:**
Can meet ASTM E84-2016

4/ **Various of Color for Option:**
Can easily realize the designer's inspiration

Company Profile

About Us

Magic Cube (MQ) Acoustics is a professional acoustic solution provider, integrating acoustic material manufacturing, architectural acoustical environment construction and industrial noise control. We are committed to the combination of Acoustics & Aesthetic, to offering our clients the best acoustic solution with high quality acoustic material.

In order to meet the higher needs of customers, we has introduced advanced production equipment which has fully guaranteed product quality and technology. After 5 years of rapid development, we has an annual output of more than 500,000 square meters of

FAQ

1. Can I get free samples and how long does it take to produce samples?

If the samples you need are in our stock, they will be provided to you free of charge. Customized samples usually take about a

week to produce.

2. Do you accept OEM or ODM order?

Yes, as a manufacturer, we can produce acoustic materials based on your samples or drawings. Please do not hesitate to contact us.

3. How to get an accurate quotation?

Can provide us with detailed product information, such as pattern, core material, surface, etc. If you have CAD or other drawings,

don't hesitate to send it to us.

4. Payment terms

T/T 30% deposit before production, 70% balanced payment before delivery.

For more information, please feel free to contact us.
